

MUNICIPALITY OF SOURIS-GLENWOOD

ZONING BY-LAW

By-law No. 38-2021

Note: This page is intended to be a helpful guide for landowners, development officers / building officials, and members of the general public to assist them in understanding how to use and interpret a municipality's zoning by-law regulations.

HOW TO USE THIS ZONING BY-LAW

This zoning by-law regulates the use, size, height and location of buildings on properties within Municipality of Souris-Glenwood. The following is a simple four-step process that may be employed to determine the uses and structures that may be allowed on a specific piece of property in a given zoning district.

Step One

What zoning district is your property located in?

- Use the Zoning Maps in Schedule "A" at the back of this By-law to determine the zoning for your property.
- Reference PART 3: Zoning Districts for a description of the intent of that particular zone.
- Look in the Development Plan and any Secondary Plan that applies to your property to confirm your proposal is supported by the applicable policies in those documents.

Step Two

What uses are "permitted uses" and "conditional uses" in your zoning district?

- Find the column with the zone of your property in the applicable **Use and Bulk Table** in PART 3 - Zoning Districts
- Uses marked with the letter "P" are permitted uses and may be developed once you have received a development permit and building permit.
- Uses marked with the letter "C" are conditional uses that may or may not be acceptable in a particular zoning district depending on the particular circumstances of a proposed development. Conditional uses require a public hearing process and may have extra conditions imposed on the use to make it acceptable for the location.
- Certain permitted uses and conditional uses in select zoning districts have additional use-specific requirements, check PART 4 - Additional Requirements for Specific Uses in Different Zoning Districts of this By-law to determine whether any additional requirements apply to the land use in question.

Step Three

How and where can you develop properties in your zone?

- Find the column with the zone of your property in the applicable **Use and Bulk Table** in PART 3: Zoning Districts
- The Use and Bulk Table provides information on allowable height of buildings and structures, required setbacks for yards, and other spatial requirements for a property.
- To understand the specific details of these requirements, you may need to reference the PART 2 - General Rules and Regulations Applicable in All Zoning Districts, PART 4 - Additional Requirements for Specific Uses in Different Zoning Districts and PART 6 - Definitions of this By-law.

Step Four

What kind of permits do you need?

- In most cases, you will need a **Development Permit** before you start any change in land use or any development (including construction of a building) on a property.
- Check PART 5 Administration and Enforcement - PART 5 of this by-law to see if your planned development is exempt from needing a Development Permit. If so, you may proceed with development, as long as it meets the other requirements in this zoning bylaw and other applicable by-laws.
- If you need a **Development Permit**, fill out a Development Permit application.
- You are responsible for finding out if any other provincial or federal regulations apply to your development, as well as any other required local permits, including a **Building Permit**, plumbing, electrical, demolition permits etc.

MUNICIPALITY OF SOURIS-GLENWOOD BY-LAW NO. 38-2021

BEING A BY-LAW of Municipality of Souris-Glenwood to regulate the use and development of land.

WHEREAS, Section 68 of *The Planning Act* requires a municipality to adopt a zoning bylaw that is generally consistent with the development plan bylaw in effect in the municipality;

AND WHEREAS, under PART 4 Division 1 of *The Planning Act*, the former Souris-Glenwood Planning District board did, by by-law, adopt the Souris-Glenwood Planning District Development Plan By-law No. 13;

NOW THEREFORE, the Council of Municipality of Souris-Glenwood in meeting duly assembled, enacts as follows:

1. By-law No. 38-2021 attached hereto is hereby adopted;
2. The By-law shall be known as the Municipality of Souris-Glenwood Zoning By-law
3. The following Zoning By-laws, as amended are hereby repealed:
 - Rural Municipality of Glenwood Zoning By-law No. 2-07
 - Town of Souris Zoning By-law No. 1620
4. This Bylaw shall come into force on _____

DONE AND PASSED in Council duly assembled at the community of Souris, Manitoba, this _____, 2021

SCHEDULE “A”: ZONING MAPS 122

PART 1: Scope and Applicability

1.1 Title

This by-law shall be known as the Municipality of Souris-Glenwood Zoning By-law No. 38-2021.

1.2 Scope

This by-law applies to all lands in Municipality of Souris-Glenwood as indicated on the zoning maps of **Schedule “A”** of this by-law.

1.3 Application

This by-law regulates: a) the construction, erection, alteration, enlargement or placing of buildings and structures b) the establishment, alteration, or enlargement of uses of land, buildings and structures c) all other forms of development not included above.

1.4 Use and Development of Land and Buildings Must Comply

Within Municipality of Souris-Glenwood, no land, building or structure shall be used or occupied, and no building or structure shall be constructed, erected, altered, enlarged or placed, except in accordance with this by-law.

1.5 Compliance with Other Municipal By-laws, Federal and Provincial Laws and Regulations

Whenever a provision of another by-law or a law or regulation of the provincial or federal government contains a restriction governing the same subject matter contained in this bylaw, or imposes inconsistent regulations with respect to uses, buildings, or structures, the most restrictive or highest standard shall prevail. The onus will be on the applicant to provide sufficient documentation attesting that the applicable by-law or regulation is of a higher standard. Where the use, building and/or structure is regulated by a higher authority under licence or permit, the Development Officer may wave the requirement for a planning district Development Permit.

1.6 Use and Development of Land Will Not Promote Nuisance or Create a Hazard

In this by-law or in a development permit, approval of a conditional use, variance order or other approval issued under this by-law shall not be construed as authorization for the carrying out of any activity which is a nuisance due to noise, odour, emission, vibration or other cause or create a hazardous condition.

PART 2: General Rules and Regulations Applicable in All Zoning Districts

2.1 Regulation of Uses

No land, building or structure shall be used or occupied except for a use which:

- a) Is listed in the applicable Use and Bulk Table one of the following:
 - i) a Permitted Principal Use;
 - ii) a Conditional Principal Use, subject to Council approval;
- b) a **permitted** accessory use, building or structure;
- c) a **conditional** accessory use, building or structure;
- d) Where a proposed use is not listed, and by interpretation of the by-law no equivalency can be found, the proposed use will be deemed to be prohibited and a zoning by-law amendment will be required to allow for the proposed development in the zoning district in which it is located.

2.2 Existing Uses, Buildings and Structures

- a) A lawfully established existing use, building or structure which is classified as a **permitted use**, building or structure in the by-law shall be allowed to continue to exist, and may be enlarged or expanded, may be changed to another permitted use, or may be replaced if destroyed. In these circumstances, the enlargement, expansion, change in use, or replacement shall be subject to the issuance of a development permit, and shall conform to all requirements of the by-law.
- b) A lawfully established existing use, building or structure which is classified as a **conditional use** in this by-law shall be deemed to be an approved conditional use, building or structure and shall be allowed to continue to exist, or may be replaced if destroyed, provided that the replacement does not increase the intensity of the previously existing use.
 - i) In these circumstances, the change in use or replacement shall be subject to the issuance of a development permit, and shall conform with all requirements of this by-law; and
 - ii) Where an enlargement or expansion of such use is proposed, it shall require the specific approval of Council, in accordance with the requirements of **PART 5** of this By-law.
- c) Where a lawfully established use is established on a site and a site area or site width or required yard in accordance with the minimum requirements of this by-law and is thereafter reduced below the minimum requirements of this By-law by virtue of the development of a **public work, street or public utility**, the affected site area, site width and required yard shall be **deemed to conform** to the minimum requirements of this By-law
- d) An existing use, building or structure **which is not classified as a permitted or conditional use**, building or structure in this by-law shall be considered as a **legal non-conforming use**, building or structure, and shall be subject to the provisions of *The Planning Act* governing non-conformities.
 - i) A legal non-conforming use shall be allowed to continue to exist, and may be changed to a permitted use;

- ii) A legal non-conforming use shall not be intensified and shall not be changed to a different non-conforming use;
- iii) A legal non-conforming use shall not be re-established if it is discontinued for a period in excess of one year. A change in ownership or tenancy of a non-conforming use shall not affect the status of the non-conforming use;
- iv) A legal non-conforming building or structure shall not be re-established if it is removed or destroyed by more than 50 percent of its replacement value above the foundation; and
- v) Other provisions of *The Planning Act* governing non-conforming uses, buildings and structures, including a provision which enables Council to consider variation orders in situations where non-conformities are proposed to be enlarged or expanded, shall apply.
- vi) There shall be a maximum of one dwelling unit per site or land parcel except for the following:
 - (a) dwelling units which are required for family members or employees, who in, are actively involved in the agricultural operation and deriving income from it;
 - (b) multiple family dwellings as provided for in this by-law
 - (c) secondary suites as provided for in this by-law
 - (d) one temporary mobile home for a family member of the owner of the primary residence may be accommodated on a non-farm residential parcel in the **“AG” Agriculture General Zone, “AL” Agricultural Limited Zone, or the “AR” Agriculture Restricted Zone** as a conditional use in one of the following situations:
 - i) A temporary residence for an elderly parent of parent-in-law is required;
 - ii) A temporary residence for persons providing care for an elderly, infirmed, or disabled person;

2.3 Existing Residential Dwellings

Notwithstanding the provisions PART 2, Section 2.2 (above) all lawfully established residential dwellings and their accessory structures existing at the effective date of this By-law are **deemed to be permitted uses** conforming to the minimum bulk requirements of the zone in which the buildings and/or structures are situated. Any enlargement, intensification, expansion or change of use of said existing residential dwellings and their related accessory structures shall conform with all of the requirements of this By-law.

2.4 Multiple Uses or Provisions

Where land, a building, or a structure is used for more than one purpose, all provisions of this by-law relating to each use must be satisfied. Where more than one provision in this by-law is applicable, the higher or more stringent requirement shall apply unless specified otherwise.

2.5 Accessory Uses Buildings and Structures

No accessory use, building or structure shall be established except for those in compliance with the following regulations:

- a) In this Municipality, an accessory use, building or structure may be accessory to a permitted or approved conditional use and may itself be treated as a permitted or conditionally approved accessory use, building or structure.
- b) No accessory use, building or structure shall be established, constructed or erected prior to the establishment of the principal use of land, building or structure to which it is accessory, except for the following:
 - i) A “Dwelling, Farm” shall be permitted as an accessory use to a permitted or conditional agricultural operation in all agricultural zoning districts when located on same site as the agricultural activity, provided that prior to the commencement of construction a Development Permit and Building Permit has first been obtained for the dwelling.
 - ii) An accessory garage or storage building may be constructed or erected for the purpose of storage of materials and equipment for use during construction of the main building, provided that a Development Permit and Building Permit has first been obtained for the principal building on same the zoning site as the accessory use, building or structure.
 - iii) A meteorological tower, used for wind and/or climatic research shall be allowed to be erected, subject to Council’s approval, for a term not exceeding three (3) years and shall be subject to all other provisions of this By-law pertaining to the siting of Wind Turbine Generator Stations (WTGS). If the meteorological tower is to remain in place after the maximum three (3) year period, it shall become a part of a (WTGS) and be subject to the conditional use approval process required for a Wind Turbine Generation Station (WTGS) as provided for **PART 3** of this By-law.
- c) The area of land or buildings used or occupied for accessory uses on a site shall not exceed the area of land or buildings respectively used or occupied by principal use on the same site.
- d) No land, building, or structure shall be used or occupied for any accessory use after the use or uses to which it is accessory have been discontinued.
- e) Where the accessory building or structure is attached to a principal building or structure, it shall be subject to, and shall conform to, all regulations of this by-law applicable to the principal building or structure.
- f) Where the accessory building or structure is detached from the principal building or structure, it shall be subject to, and shall conform to, all regulations of this by-law applicable to accessory buildings or structures.
- g) An accessory building or structure shall not be used as a dwelling unit, except where otherwise allowed in this by-law.

2.6 Required Yards

- a) Shall be free of buildings, except accessory buildings and structures, which must conform to the other requirements of this By-law.
- b) Open, unenclosed projections, whether vertical or horizontal, such as stairs, landings, porches, and unenclosed balconies, may extend into the required yards for not more than [50] per cent of the required yard depth, up to a maximum of [three] metres (10 feet), except for wheelchair ramps (or similar accessibility structures), which are not subject to the restrictions for required yards.

2.7 Temporary Buildings, Structures, or Uses

- a) Temporary buildings, structures or uses may be allowed on a non-permanent basis subject to the issuance of a development permit under the following conditions:
 - i. When required at the discretion of the Development Officer, a Development Permit for a temporary building, structure or use shall be subject to such terms and conditions as specified by council.
 - ii. Each Development Permit issued for a temporary building, structure or use shall be valid for a period of not more than [12] months and may not be renewed for more than [two] successive periods on the same parcel of land. When required, a new permit may be issued.

2.8 Buildings to be Moved or Removed

- a) No building or structure shall be moved in whole or in part to any other location unless every portion of the building or structure is made to conform to or where a variation order is granted pertaining to the regulations of this By-law applying to the zone in which it is located.
- b) Notwithstanding any other by-law or policy of a member municipality regarding demolitions or removals, upon completion of the removal or demolition of a building from a site, the old foundation shall be removed, any excavation shall be filled, the ground shall be leveled and the site shall be put in a safe condition to the satisfaction of the Development Officer/Building Official with whom Council shall rely on for advice that the site owner has undertaken appropriate action to ensure public safety on the affected site. Unless otherwise specified, a minimum of 6 inches of topsoil shall be added to cover (top-dress) any filled-in excavation.
- c) No person may move a building or structure into or within the community of Souris except where the following requirements are satisfied:
 - 1) The local authority certifies that the building or structure complies with the Building Code in effect and the building can be safely moved;
 - 2) At the discretion of the local authority, buildings may be required to be inspected prior to their relocation. All costs associated with this inspection are the sole responsibility of the applicant;
 - 3) All proposed building and/or structure relocations shall only be allowed where they are undertaken in a manner consistent with all applicable health, safety and environmental protection regulatory requirements;
 - 4) A security deposit in the form of cash or a letter of credit for \$20,000.00 (twenty-thousand dollars) may be required by the local authority;
 - 5) A development permit has been issued for the building or structure accompanied by the following:
 - (i) Recent colour photos showing all sides of the building proposed to be moved;
 - (ii) A statement on the age, size and structural condition of the building proposed to be moved;

- (iii) A statement outlining proposed improvements to the building proposed to be moved.
 - (a) An application for a development permit may be approved by the development authority if the proposal meets all of the regulations specified under the Planning Act.
 - (b) Where a development agreement has been granted allowing for the relocation of a building or structure, the development authority may require the applicant to provide a performance bond of \$5,000.00 (five thousand dollars) to ensure completion of any renovations set out as a condition of approval of a development permit and or building permit.
 - (c) All structural and exterior renovations shall be completed within one year of the issuance of a development permit.

2.9 Road Access

- a) No permanent building may be constructed or placed on a parcel that does not have legal access to an improved public road.

2.10 Landlocked Sites

- a) In unique circumstances, Council may permit development on a site which only has frontage on a private lane or road, provided that the said lane or road is at least twenty feet in width and intersects with an improved street, and is secured by means of a registered easement/declaration of right-of-way. Such accesses shall be developed or improved to a standard that ensures all weather access by emergency services vehicles.
- b) For the purpose of establishing the position of the required yards, the Development Officer shall determine the front, side and rear site lines of a landlocked site.

2.11 Site Reduced by Road Widening

Where the site area or site width of an existing parcel of land have been reduced as a result of land acquired for the establishment or widening of a public road or drain, or for any other public work, the resulting site area and width of the parcel shall be deemed to be in compliance with the minimum site area and width requirements for the existing lawfully established use of the parcel as specified by this by-law.

2.12 Unconventional Sites

Where a site is of such a unique configuration that the required yards can not be ascertained in accordance with the definitions of **PART 6** herein, the Development Officer may designate the location of the required yards. The location and required dimensions of such yards shall be consistent with the intent of the yards specified for the zone within which the site is located.

2.13 Service Connections

Where a parcel is serviced by municipal piped sewer or water, no permanent principal building or dwelling shall be constructed or placed unless it is connected to such services.

2.14 Open Space Along Rural Roads

Areas adjacent to rural intersecting roads shall be kept clear of features which would contribute to snow drifting problems on the roadway, or which would represent a safety hazard to motorists. Within all agricultural zone(s), the following provisions shall apply to any required front yard, side yard or rear yard that is adjacent to an improved government road allowance, highway or other municipal road:

- (a) No building or structure shall be constructed or located within the required yard, except for electric fences, barbed wire fences, chain link fences, agricultural bins and wooden rail fences that are at least seventy-five (75) percent open in character and small shelters for children at school bus stops;
- (b) No excavation such as a dugout or gravel pit shall be located within the required yard;
- (c) No substantial planting (such as a shelterbelt or hedge) exceeding a height of three (3) feet (0.91m) shall be located within the required front yard; and
- (d) No substantial stockpiling of materials, such as soil, gravel, bales or cordwood shall be located within the required front yard.

2.15 Corner Vision Triangles

In order to provide for a reasonable measure of traffic safety within all of the municipality's zoning districts, it is considered important to provide for good visibility at street intersections by establishing special open space requirements as follows:

- (a) No building, structure, vehicular parking space, shelterbelt, hedge or stockpiling of materials exceeding a height of three (3) feet above grade shall be located within a triangular area of any site adjacent to an intersection of two public streets, with the sides of the triangular area being measured a distance of ten (10) feet along each property boundary from the point of intersection.

2.16 Projections into Yards

Within all zoning districts in the Municipality, required yards are intended to provide open spaces around buildings and structures for purposes of amenity, privacy, fire protection, and maintenance operations along the walls of buildings. Required yards shall be maintained as open space areas on all sites, except as follows:

- (a) Open, unenclosed stairs and landings may extend into any required front or rear yard to a maximum distance of 10 feet (3.04m), and there shall be no limitation on the construction of unenclosed wheelchair ramps;
- (b) Air conditioning units, pool equipment and/or compressors shall be accessory structures in all zones and shall be subject to the following regulations:
 - 1) Shall be a minimum distance of 15.0 feet (4.57m) to an openable window of a habitable room on an adjoining lot.
 - 2) If located in a front yard, it must be screened with compact hedges or shrubs or other landscaping.
 - 3) Should be no closer than 5.0 feet (1.52m) to a side site line in all Residential Zones. In all other zones, it should be no closer than 10.0 feet (3.05m) to a side site line.

- (c) Landscaping features such as driveways, sidewalks, and patios at grade level, ornamental plantings, fences and other decorative features are permitted within any required yard, provided that the maximum height of a fence in any required front yard shall be 3 feet, and the maximum height of a fence in any required side or rear yard shall be 7 feet (2.13m);
- (d) A garage may be located in the required rear yard providing it is setback a minimum of 10 feet from the rear property line except in instances where the garage doors do not face a rear lane or street in which case the minimum required setback to the rear property line shall be reduced to no less than 3 feet (0.91m).
- (e) Portable buildings not exceeding 108 square feet (32.91 sq/m) in floor area for the storage of domestic equipment may be located within any required interior side yard or required rear yard, provided a separation distance of 2 feet (0.61m) is maintained from the site line, and a separation distance of 3 feet (0.91m) is maintained from any dwelling.
- (f) The minimum distance between the principal building and any other building shall be 4 feet (1.21m).
- (g) Cairns, with a maximum size (footprint) of 25 square feet (2.32 sq/m) may be located within a required yard

2.17 Double Frontage Sites

Within all zones, where a site has frontage along two parallel streets, the following provisions shall apply:

- (a) Where the site depth is greater than two-hundred (200) feet, both site lines which abut these streets shall be considered to be front site lines, and the adjacent yards shall both be considered to be required front yards; and
- (b) Where the site depth is two-hundred (200) feet (60.96m) or less, only one (1) site line shall be considered to be the front site line, and this determination shall be made by the Development Officer, based on the arrangement of existing buildings in the immediate area.

2.18 Hazard Lands

- (a) Lands protected from flooding by a dike or other form of flood protection which is owned, maintained, and operated by the Rural Municipality is not considered subject to flooding.
- (b) Lands subject to flooding should be left in their natural state and only utilized for low intensity uses such as open space, recreation, grazing or cropping. Lands subject to flooding include:
 - i) Lands that would be affected by the 1:200 year flood or by a recorded flood exceeding the 1:200 year flood; and
 - ii) Lands that would be affected by water erosion within a 50 year period due to the action contained in an adjacent waterway or water body.
- (c) Activities that would accelerate flooding or erosion levels such as excavating and clearing will not be considered.

- (d) Council will forward development proposals in suspected flood hazard lands to the applicable Provincial authority for their review and recommendations prior to consideration.
- (e) When development is proposed in suspected flood hazard areas, the applicant may be required to complete professional environmental, geotechnical or hydrological studies that would provide recommendations on preventative and mitigation measures to eliminate or reduce the risk.
- (f) Any development permitted on or near flood hazard lands shall be required to build to the 1:200 year Flood Protection Level as provided by the applicable Provincial authority and beyond the range of the 50 year erosion period. Development in these areas shall also be required to maintain the natural capability of waterways to convey water flows and be constructed in a manner that would minimize property damage, public expenditures and public safety.”
- ~~(a) No permanent dwelling or other principal building shall be constructed or placed in the vicinity of a lake, river, watercourse or body of water on land that would be inundated by the one in one hundred year flood within the area of the municipality which has existing flood protection infrastructure built to a one in one hundred year flood level, or by a recorded flood exceeding the two hundred year flood, unless the owner provides sufficient information prepared by a qualified engineering consultant licensed to practice in Manitoba, to demonstrate to the satisfaction of council that the land is not subject to flooding; or proper measures will be taken to protect the building from flooding. Outside of the area of the municipality with existing flood protection infrastructure built to a one in one hundred year flood level, no permanent dwelling or other principal building shall be constructed in an area of land that would be inundated by the one in two hundred year flood.~~
- ~~(b) No permanent dwelling or other permanent building shall be constructed or placed on land which is subject to subsidence or erosion by water or is marshy or unstable, or is otherwise unsuitable or hazardous by virtue of its soil or topography, unless the owner provides sufficient information prepared by a qualified engineering consultant licensed to practice in Manitoba, to demonstrate to the satisfaction of council that proper measures will be taken to deal with the unsuitability or hazard. Only erosion control or bank stabilization measures designed by a qualified engineer licensed by the Association of Professional Engineers and Geoscientists of the Province of Manitoba will be accepted.~~
- ~~(c) No permanent dwelling or principal building shall be constructed or placed on land which is subject to subsidence or erosion by water or is marshy or unstable, or is otherwise unsuitable or hazardous by virtue of its soil or topography, unless the owner provides sufficient information prepared by a qualified engineering consultant licensed to practice in Manitoba, to demonstrate to the satisfaction of council that proper measures will be taken to deal with the unsuitability or hazard. Only erosion control or bank stabilization measures designed by a qualified engineer licensed by the Association of Professional Engineers and Geoscientists of the Province of Manitoba will be accepted.~~
- ~~(d) In all urban zone(s), areas adjacent to the Souris River and Plum Creek shall be kept clear of all features, dwellings, accessory uses buildings or structures that would adversely affect the structural integrity of the flood protection system.~~

- ~~1) This provision shall apply to any required front, side or rear yard whichever is adjacent to the Souris River and/or Plum, Creek.~~
- ~~2) No excavation for items such as fish ponds, swimming pool or other in-ground feature within the required area, unless specifically approved by Council.~~
- ~~3) No substantial planting, such as shelterbelts or hedges shall be located within the required area unless specifically approved by Council.~~
- ~~4) The placing of any sign within the required area shall require the approval of Council.~~
- ~~5) Additions to an existing dwelling or accessory building or structure shall not project into the required area.~~

2.19 Public Reserve Land

Public reserve land shall only be used for:

- (a) A public park or recreation area;
- (b) A natural area;
- (c) A planted buffer strip or part thereof separating incompatible land uses; or
- (d) Public works.

2.20 Development Near Waste Disposal Grounds and Sewage Lagoons

Parcels of land containing active or abandoned waste disposal grounds and sewage lagoons shall not be located within one thousand three hundred and twenty (1,320) feet and one thousand five hundred (1,500) feet respectively of a dwelling or other habitable building, the Community of Souris, and all rural residential zone(s) unless a reduced separation distance is recommended by the provincial authority having jurisdiction and Council approves a variation order.

2.21 Development Near Airfields

Any proposal to establish any building, structure, mobile home, or farm building or structure which exceeds a building height of 10 feet (3.04m), or to plant trees or establish any other feature which might be a hazard to aviation, within the flight approaches of any aircraft landing area for a distance of one mile, shall be subject to review and approval by Council. Any proposal to establish a structure or tree planting in close proximity to an airfield and/or its aerial approaches may be referred to the federal aviation authority for a recommendation.

2.22 Development Near Anhydrous Ammonia Tanks

No dwelling, mobile or modular home, or other habitable building shall be constructed or located within 1,320 feet (402.33m) of an anhydrous ammonia storage tank or a farm bulk chemical supply facility.

2.23 Development Near Areas with Potential for Aggregate Extraction

No building, dwelling, mobile or modular home or farm building or structure shall be constructed or located within an area which has been designated as a high or medium quality aggregate area by the Province of Manitoba, nor within 500 feet (152.4m) of the boundary of such an area, unless the site has been first been reviewed by the Mines Branch and a recommendation provided which would allow development to

proceed. Where the proposed building is a dwelling, mobile or modular home, a separation distance of 500 feet (152.4m) shall be provided between the building location and limits of the deposit.

2.24 Development Near High Pressure Oil and Gas Pipelines

No building, dwelling, mobile or modular home, or farm building or structure shall be constructed or located within 328 feet (100 metres) of a pipeline, unless it is an accessory building to pipeline operations.

2.25 Development Near Railways

- a) Nothing in this By-law shall be interpreted so as to interfere with normal railway operations and maintenance of railway trackage.
- b) Railway office buildings, warehouse facilities, maintenance buildings, and storage areas shall be subject to the requirements of this By-law.
- c) No new dwelling unit shall be located within one hundred and fifty (150) feet (45.72m) of the edge of a railway right-of-way.
- d) All non-railway works and development including surface mining and quarries within 164 feet (50 m) of a railway right-of-way are subject to the provisions of the Federal *Railway Safety Act* and its regulations including the Mining Near Lines of Railways Regulations SOR/91-104, as amended.

2.26 Development Near the Provincial Highway System

With the exception of fences built for agricultural purposes , any structure or construction proposed within the controlled areas adjacent to the provincial highway system, provincial permits are required from the authority having jurisdiction. Permits from the provincial authority having jurisdiction are also required for any new, modified, or relocated driveway proposed to a provincial road or provincial trunk highway.

2.27 Onsite Water Supply and Sewage Disposal Systems

- a) In situations where piped municipal sewage collection and disposal services are not available, land owners may be allowed to construct private sewage disposal systems on their development site in accordance with all applicable provincial regulatory requirements. All onsite wastewater disposal systems must be registered with the provincial authority having jurisdiction prior to installation by a licensed installer. It is the responsibility of the land owner to apply for provincial permits and/or approvals for all private sewage disposal system.
- b) The provincial authority having jurisdiction should be consulted about permitting or licensing requirements for private water supplies. In the case of proposed development that involves the construction or expansion of a public or semi-public water supply system, the proponent shall be required to contact the Office of Drinking Water - Manitoba Sustainable Development and/or the provincial authority having jurisdiction for information concerning licensing and approvals that must be obtained prior to the commencement of construction.

2.28 Public Utilities

- a) This by-law shall be interpreted so as not to interfere with the construction, erection and location of a public utility's works, plant, pipes, cables, or equipment as defined in this by-law provided that

the requirements of such public utility are of a standard compatible with the adjacent area, and that any building or structure erected in any zone complies with the required yard and area requirements applicable to the zone.

- b) Where a public utility (as defined in this By-law) of another municipality is proposed to be located within Municipality of Souris-Glenwood, it shall first apply to the Municipality of Souris-Glenwood for approval prior to the commencement of development.
- c) The use and bulk requirements of this by-law do not apply to the transmission facilities (wires, pipes, poles and associated equipment such as transformers and sub-stations) of a public utility as defined herein as equipment such as this may require only very small parcels or none at all (where easements are used).
- d) All office buildings, warehouse facilities and storage compounds owned or used by any public utility or public works shall be subject to all of the provisions of this By-law.
- e) Where any site requirement, including site area, site width, required yard or parking, is reduced below the requirements of this By-law as a result of land acquired for any street, lane, public utility, public works, public park area or public monument, it shall be deemed to conform to the requirements of this By-law.

2.29 Oil and Gas Exploration and Extraction, Electric Transmission Lines and Structures, and Pipelines

Are deemed to be in compliance with this by-law if they are carried out, constructed and operated in accordance with federal and provincial law, **except for oil battery facilities** which shall be subject to the requirements of **PART 3** of this By-law.

2.30 Off Street Parking Requirements

- a) All accessory parking and loading areas and spaces shall be located on the same site as the use served unless a variation order is approved by Council for any required parking and/or loading areas or spaces located on a different site than the use being served.
- b) The surface of all accessory off-street parking and loading areas and spaces and the access driveways thereto shall be surfaced with gravel, asphalt or concrete and shall be designed in such a manner that there will be no free flow of water onto either adjacent properties or public sidewalks.
- c) In all zones, when any new development is proposed, including a change of use of existing development, or when any existing development is enlarged or increased in capacity, then provision shall be made for accessory off-street parking in accordance with the regulations and standards contained in this section of the By-law as set out below.

TABLE 2.1: MINIMUM ONSITE PARKING SPACE REQUIREMENTS		
	Use	Number of Parking Spaces Required
Residential Uses	Single-Dwelling Dwelling	1.0 / Dwelling Unit
	Two-Dwelling or Multi-Dwelling Dwelling	1.2 / Dwelling Unit
	Mobile Home Dwelling	1.0 / Dwelling Unit
	Bed and Breakfast Home	1.0 / Sleeping Accommodation
	Residential Care Facility	1.0 / each two-dwelling or sleeping units

Commercial Uses	Hotel and Motel Eating and Drinking Establishment	1.0 / Guest Room or Sleeping Unit 1.0 / 4 seats or 1.0 per 100 sq.ft. (9.29 sq.m.) of floor area, whichever is greater
	Convenience and Retail Sales Stores All other Commercial Establishments	1.0 per 200 sq.ft. (18.6 sq.m.) of floor area 1.0 per 250 sq.ft. (23.2 sq.m.) of floor area
Industrial Uses	Industrial Uses	1.0 per 1,000 sq.ft. (92.9 sq.m.) of floor area or 1.0 per 5 employees, whichever is greater
Other Uses	Indoor Participant Recreation Service, Religious Assembly, Outdoor Participant Recreation Service, Private Club, Public Library and Cultural Exhibit, and Community Centre	1.0 per 5 seating spaces or 10 ft (3.05 m) of bench space. Where there are no fixed seats, 1.0 for each 100 sq.ft. (9.29 sq.m.) of floor area devoted to the assembly room floor area
	Extended Medical Treatment Service	2.0 per bed
	Education Service	1.5 per classroom, plus 1 for each 100 sq.ft. (9.29 sq.m.) of floor area devoted to public use
	Government Service	1.0 per 550 sq.ft. (51.1 sq.m.) of floor area
	Child Care Service Funeral Service	1.0 for every 2 employees 1.0 for every 5 seating places
*Where a proposed use is not listed above, the parking requirement shall be determined by the Development Officer who shall base said accessory off-street parking required based on the accessory off-street parking required for a similar use that is listed in this table.		

Footnotes Forming Part of Table 2.1

- 1) The following regulations shall apply to all parking areas as required by this By-law:
 - a) In the case of a multiple use site, the Development Officer shall calculate the parking required for each individual use and the total shall be deemed to be the required parking for the site, unless the applicant can demonstrate to the satisfaction of Council that the complementary use of the parking facilities would warrant a reduction in the parking requirements;
 - b) Parking areas shall be provided with at least one entrance and one exit for vehicles, and driveways and aisles for the removal of a vehicle without the necessity of moving any other vehicle;
 - c) The area shall be drained and maintained with a stable surface which is treated so as to prevent the rising of dust or loose particles; it may be constructed of crushed stone, slag, gravel, concrete, asphalt or other approved material;
 - d) Where parking areas are provided in any commercial, industrial or institutional zone and lighting facilities are provided, such lights shall be so shielded and directed as to reflect away from any adjoining residential area. Where parking areas are provided in any residential zone and lighting facilities are provided, such lights shall be so shielded and directed as to reflect away from any adjoining residential property;
 - e) Where a parking area is situated along a site line which coincides with the boundary of a residential zone and is not separated there from by any street, lane or water course, a buffer of a design acceptable to the Council shall be provided;

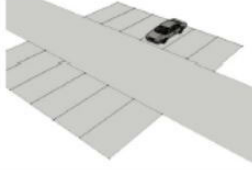

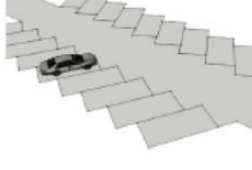

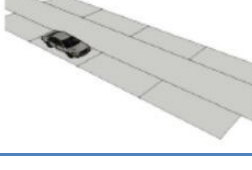

- f) No sign shall be erected except:
 - (i) signs for the direction of traffic within the parking area, and
 - (ii) directional signs of not more than five (5) square feet (0.46 sq/m) in area at each point of entrance and exit.

Such signs may bear the name of the business if the parking area is connected thereto.

2) The layout and design of parking areas shall be as follows:

- a) The layout and design of the parking area shall be in accordance with **Table 2.1 "Minimum Onsite Parking Space Requirements"** and **Table 2.2 "Parking Area Layout Requirements"**;
- b) The length of each parking space shall be exclusive of access driveways, aisles, ramps and columns, and office or work areas;
- c) Where access to a parking space is directly from a lane, the width of the lane adjacent to said parking space may be computed as part of the aisle width required for said parking space;
- d) The angle of parking shall be measured between the centerline of the parking space and the centerline of the aisle;
- e) The off-street parking area shall be provided with an access drive with a minimum width of 10 feet (3.04m), to a street or lane;
- f) Except as provided for in paragraph (d), an aisle or driveway shall not mean a street or lane; and
- g) Design of parking areas and access drives need to address safe pedestrian circulation routes, efficiency in the parking layout, accessibility, lighting, aesthetic appearance, service vehicle access, and snow removal.

TABLE 2-2: PARKING AREA LAYOUT REQUIREMENTS
--

Configuration	Angle	Minimum Stall Dimensions		Minimum Aisle Width	
		Width	Length	Two Way	One Way
	75° - 90°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	7.3 m (24 ft)
	60° - 75°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	5.5 m (18 ft)
	45° - 60°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	4.0 m (13 ft)
	30° - 45°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	3.7 m (12 ft)
	Parallel	2.75 m (9 ft)	6.7 m (22 ft)	7.3 m (24 ft)	3.7 m (12 ft)

2.31 Accessible Parking Spaces

Out of the total number of required off-street parking spaces, the owner must provide a portion of those spaces so as to be accessible to persons with disabilities, in accordance with the following requirements:

1. Each accessible parking space:
 - (i) must be at least 11.5 ft. (3.5 m) wide;
 - (ii) must be located within 200.0 ft (60.96 m) of major building entrances used by residents, employees, or the public; and
 - (iii) must include signage reserving the space for use by persons with disabilities.
 - a) At least one curb ramp must be located within 100.0 ft (30.48 m) of the auto parking space closest to each entrance to a principal or accessory building that is not a service entrance; and
 - b) The accessible parking space requirements are as follows:

TABLE 2.3: ACCESSIBLE PARKING SPACE REQUIREMENTS	
Total Number of Parking Spaces Required	Minimum Number of Accessible Parking Spaces Required

1-25	1
25-50	2
51-75	3
75-100	4
101+	4 plus 1 for every 50 additional spaces, to a maximum of 10 spaces

2.32 Loading Space Requirements

For all building and uses involving regular and frequent receiving, shipping, loading or unloading of persons, animals, goods, wares, merchandise or raw materials, the owner or operator of the buildings or uses shall provide and maintain on the site adequate loading and unloading spaces as follows:

- a) Each loading or unloading space shall be at least 30 feet (9.14m) long, 12 feet (3.65m) wide and have a vertical clearance of at least 14 feet(4.26m);
- b) Access to loading or unloading areas shall be by means of a driveway at least 20 feet (6.09m) wide contained on the site in which the spaces are located and leading to a street or lane located within the zone in which the use is located;
- c) Loading and unloading areas shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles;
- d) Off-street loading spaces shall not be permitted in a required corner side yard; and
- e) The number of loading spaces shall be provided in accordance with the following:

TABLE 2.4: MINIMUM LOADING SPACES	
Area of Building	Minimum Loading Space
Less than 5,000 square feet (464.5 sq/m)	One (1) space
Exceeding 5,000 square feet (464.5 sq/m) but not more than 15,000 square feet (1,393.5 sq/m)	Two (2) spaces
Exceeding 15,000 square feet (1,393.5 sq/m)	Three (3) spaces

2.33 Parking Area Entrances / Exits for Automobile Service Stations, Public Parking Areas, Drive-Through Facilities, and Vehicle Sales

Automobile service stations, public parking areas, drive-through facilities, and all vehicle/equipment sales shall require at least one entrance and one exit for vehicles, driveways and aisles for the removal of a vehicle without the necessity of moving any other vehicle. Access to sites for the titled uses for vehicles shall be only by way of entrances and exits provided in accordance with the following:

TABLE 2.5: PARKING AREA ENTRANCE AND EXIT REQUIREMENTS	
Minimum width of an entrance or exit	20 ft. (6.09m)

Minimum width of a combined entrance and exit	25 ft. (7.62m)
Maximum width of an entrance or exit	40 ft. (12.19m)
Maximum width of a combined entrance and exit	60 ft. (18.28m)
Minimum distance between any part of an entrance, exit and the intersection of street site lines or the intersection of a street site line and a side site line on a public lane	30 ft. ((9.14m)
Minimum distance between entrances and exits	30 ft. (9.14m)

2.34 Fences – Residential Uses

A fence on a residential property:

- a) shall not include electric fences or barbed wire fences;
- b) shall not be higher than:
 - (i) 3 feet (0.91m) in a required front yard, and
 - (ii) 7 feet (2.13 m) in a required side or rear yard measured from the highest part of the fence to the point where the fence post enters grade;
- c) are permitted in all required yards and can be placed up to the property line; and
- d) Outdoor storage of materials shall only be in side and/or rear yards and shall not project above the height of side or rear yard fences (where they exist or are proposed) except for recreation vehicles.

2.35 Fences – Non Residential Uses

A fence on all properties other than residential properties:

- a) in all agricultural zones, electric, barbed wire and wooden rail fences of a type not obstructing views of road traffic shall be permitted within the limits of the parcel on which they are located and should not exceed a height of 7 feet (2.13 m).
- b) in the case of the “CC”, “CH” and “MG” and “ML” zones, chained wire fences are allowed where the top 2.0 feet (0.6 m) of the fence can be barbed wire for security purposes;
- c) shall not be higher than:
 - (i) all other non-residential fencing shall not exceed 4.0 feet (1.22m) in a required front yard; and
 - (ii) 7.0 feet (2.13 m) in a required side or rear yard measured from the highest part of the fence to the point where the fence post enters grade;
- d) are permitted in all required yards and can be placed up to the property line.
- e) outdoor storage shall be allowed to project above the height of the front, side and rear yard fencing but only in the “CC”, “CH” and “MG” and “ML” Zones.

2.36 Advertising Signs and Billboards

Billboards and other advertising signs directing attention to a business, commodity or message offered elsewhere than upon the same zoning site on which that sign is located may be allowed subject to satisfying

the zoning district specific use and bulk requirements set out in that zone's Use and Site Requirements Table in **PART 3** of this By-law. These signs will require the proponent to obtain a **Development Permit** and **may require conditional use approval** subject to the total size of the advertising sign being proposed.

2.37 Accessory Signs – General Provisions

The following provisions shall apply to all accessory signs erected or maintained within the Municipality, except wherein otherwise stated:

- a) Accessory signs and sign structures may be allowed as accessory uses in accordance with **PART 2, Table 2.6 (below)**, and may require the issuance of a Development Permit;
- b) All accessory signs shall comply with the minimum yard requirements for accessory structures in the zone in which they are to be located or erected and as may be provided in this section;
- c) No accessory sign or sign structure shall be erected at any location where it may interfere with or obstruct the view of any street, intersection or railroad grade crossing, or be confused with any authorized traffic sign, signal or device. No rotating beam, beacon or flashing illumination resembling an emergency light shall be used in connection with any sign display;
- d) No accessory sign may contain flashing lights or digital images unless specifically allowed in **PART 2, Table 2.6 (below)**. All accessory signs with flashing lights or digital images are prohibited within 100 feet (30 metres) of residential zones;
- e) No accessory sign or structure shall be erected or maintained on, over or above any land or right-of-way belonging to the Municipality without a Development Permit and an encroachment agreement registered on title of the subject property/building which abuts the municipally owned right-of-way;
- f) The placing of accessory signs within the controlled area of a Provincial Road or Provincial Trunk Highway shall require a permit/approval from the provincial authority having jurisdiction;
- g) All accessory signs shall be setback a minimum of 5 feet (1.52m) from the limits of the parcel on which it is located and to which it is accessory. In the case of a corner lot, the corner side yard setback shall be increased to minimum of twelve (15) feet (4.57m).
- h) All accessory signs and structures shall be kept in good repair and in a proper state of preservation. Signs which have become obsolete because of discontinuance of the operation or activity or are not maintained in good condition or repair shall be repaired, removed or relocated within 30 days following notice by the Development Officer; and
- i) The following accessory signs **shall not** require a **Development Permit**. However, they must still comply with any applicable siting and setback requirements in this By-law:
 - a) Signs posted by duly constituted public authorities in the performance of their public duties;
 - b) Flags or emblems of a political, civic, educational or religious organization;
 - c) Commemorative or memorial signs or tablets;
 - d) Temporary signs including real estate signs, construction signs, election signs, garage sale signs and similar;
 - e) Residential on-site identification signs or warning signs (such as "Private Property" signs and similar) not exceeding 4 square feet (0.37 sq/m) in surface area; and

- f) Signs required for direction and convenience of the public, including signs identifying restrooms or parking entrances, not exceeding five (5) square feet in sign surface area.

TABLE 2.6: ZONING DISTRICT SPECIFIC ACCESSORY SIGN REGULATIONS BY SIGN TYPE

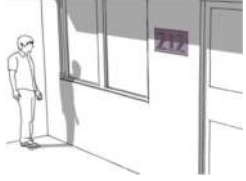

Sign Type	Siting Specifications	Allowed in Zones	Development Permit Required
 <p>Address/Name</p>	<p>Quantity 1 per address</p> <p>Area maximum 4.0 square feet for single detached dwellings, 32 square feet for multi-dwelling dwellings, religious institutions and other non-residential buildings</p> <p>Depth max 3.0 inches</p>	<p>AG</p> <p>RR2, RR5, RS, RU</p> <p>CC, CH</p> <p>MG, ML</p> <p>I</p> <p>OR</p>	No

PART 3: Zoning Districts

3.1 Zoning Districts in Municipality of Souris-Glenwood

The following zoning districts are hereby established in this By-law and are intended to provide sufficient land in suitable locations to meet the needs of the municipality while also being generally consistent with the provisions of the Souris-Glenwood Planning District Development Plan.

Abbreviation	Zoning District Name	Refer to Section
"AG"	Agriculture General Zone	3.6
"AL"	Agriculture Limited Zone	3.7
"AR"	Agriculture Restricted Zone	3.8
"RR2"	Rural Residential Zone	3.9
"RR5"	Rural Estate Residential Zone	3.10
"RT"	Residential Two-Unit Zone	3.11
"RS-U"	Residential Un-Serviced Zone	3.12
"RM"	Residential Multiple-Unit Zone	3.13
"RMH"	Residential Mobile Home Zone	3.14
"CC"	Commercial Central Zone	3.15
"CH"	Commercial Highway Zone	3.16
"MG"	Industrial General Zone	3.17
"ML"	Industrial Light Zone	3.18
"I"	Institutional Zone	3.19
"OR"	Open Space / Recreation Zone	3.20

3.2 Zoning District Boundaries

The zoning districts established in **TABLE 3.1** (above) shall apply within the boundaries of the zones shown on the maps in **Schedule "A"** of this by-law and the following rules of interpretation shall apply in all zoning districts:

- a) Boundaries indicated as approximately following the centre-lines of streets, lanes, highways, rivers, or railway or public utility lines or rights-of-way shall be construed to follow such centre-lines;
- b) Boundaries indicated as approximately following parcel limits as shown on a registered plan or by reference to the Dominion Government Survey shall be construed to follow such parcel limits.

3.3 Permitted and Conditional Uses

The permitted, conditional and accessory uses prescribed for parcels within each zoning district are those set out in the Use Tables of **PART 3** of this By-law as follows:

- a) Permitted uses are indicated with the letter **[P]**.
- b) Conditional uses are indicated with the letter **[C]**.

3.4 Use and Bulk Regulations

No land, building or structure shall be used or occupied, and no building or structure shall be constructed, erected, altered, enlarged, or placed, except in accordance with the use and bulk requirements described in the Use and Bulk Regulations Tables of this **PART** or elsewhere in this by-law.

3.5 Additional Requirements for Specific Uses in Different Zones

Regardless of whether a use is allowed as a permitted use or a conditional use, and regardless of the zoning district in which the use is located, additional standards for specific uses may apply and are set out in **PART 4** of this By-law and must be met, except as may otherwise be provided for in this By-law through a Conditional Use or Variance Order.

3.6 “AG” Agriculture General Zoning District Purpose and Intent

The “AG” Agriculture General Zoning District is hereby established in this zoning by-law and is intended to:

- (a) Support and strengthen the agricultural industry in the municipality and to provide flexibility and opportunity for farm operators to engage in a variety and range of farming practices; and
- (b) Protect the agricultural industry and its land resources in recognition of the contribution of agriculture to the economy, lifestyle and character of the municipality.
- (c) Protect the environmental carrying capacity of the land base to sustain the range of uses associated with this zoning district.
- (d) Allow for a limited amount of non-agricultural uses, provided the primary use of the land is agriculture.

3.6.1 “AG” Agriculture General Zone – Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

1. Buildings or Structures for the Operation and Maintenance of an Agricultural Activities, including:
 - i. Shelters or enclosures for livestock produced by the agricultural activity, including corrals and barns, subject to the requirements of **PART 4** of this By-law;
 - ii. Storage of supplies and equipment utilized by the activity, including machine sheds, livestock feed, fuel and fertilizer storage structures; and
 - iii. Storage of agricultural commodities produced by the operation, including vegetable storage buildings, grain bins, and similar structures.
2. Accessory Animal Housing Facilities located on conditionally approved small rural land holdings such as a “riding academy and stables” or a “non-farm dwelling” site shall be allowed as a permitted accessory use. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **PART 4, Table 4.1** of this by-law and shall not exceed one animal unit per acre of site area and shall be subject to the following additional requirements:
 - i. The animal housing facility and any manure stored onsite shall be separated a minimum distance of five hundred (500) feet from the limits of Rural Residential Zones and 328 feet (100m) away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In

addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 feet (38.1m) from all public roads, and 75 feet (22.86m) from the side and rear limits of limits of the property on which they are sited.

- ii. Notwithstanding the nine (9) animal unit cap (cumulative across species) referred to in this section, where a conditionally approved riding academy and stables or non-farm dwelling site proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a “livestock operation” as defined in **PART 6** of this by-law and shall be required to satisfy the use and bulk requirements for a “livestock operation” in the “**AG**” **Agricultural General Zone** as set out in **PART 4** this by-law as well as having to satisfy other provisions of **PART 5** of this by-law.
3. Accessory Communal Facilities including dwellings, churches, and school facilities as part of a communal agricultural community.
 4. Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
 5. Accessory Shipping Containers
In the “AG” Zone, an “accessory shipping container” as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).
 6. Accessory Signs as provided for in **PART 2** of this By-law.
 7. Accessory Tent Like Structures
In the “AG” Zone, an “accessory tent-like structure” as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site. All accessory tent-like structures greater than 108 square feet (10.03 sq/m) shall be subject to the issuance of a Development Permit.
 8. Clubhouses, Maintenance Buildings, and Other Similar Structures on the grounds of golf courses and other similar permitted or approved recreational facilities.
 9. Farm dwellings, Mobile and/or Modular Homes when located on the same parcel of land as the agricultural operation to which they are accessory.
 10. Home-based business activities shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.
 11. Personal Telecommunications Tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved single private

agricultural activity or private residential activity shall be treated as a permitted accessory structure. All such personal telecommunications tower structures shall be set back from all property lines a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

b) Conditional Accessory Uses Buildings and Structures

1. Accessory Farm Based Air Landing Strips and Related Storage Facilities

a) In the “AG” Zone, all newly siting accessory farm-based air landing strips and their related storage facilities may be developed as a conditionally approved accessory use only when they are located on and forming part of a permitted or conditionally approved agricultural operation subject to the following additional requirements:

- i. The minimum parcel size required for a permitted or conditionally approved agricultural operation wanting to develop an accessory farm-based air land strip and its associated storage facilities shall be 80 acres and the site shall have a minimum width of one-thousand (1,000) feet;
- ii. The accessory farm-based air landing strip and any related storage facilities shall be setback a minimum of 300 feet (91.44m) from all property lines of the site on which it is located;
- iii. No newly siting accessory farm-based air landing strip and any related storage facilities shall be developed within 1 mile (1.6km) of the limits of the Community of Souris or a rural residential zone.
- iv. Existing farm-based air landing strips and their related storage facilities which do not comply with the minimum use and bulk and siting and setback requirements as set out in this section shall be deemed to be an approved accessory use as they existed on the date of the adoption of this by-law.

b) Notwithstanding anything in this By-law, all accessory farm-based air landing strips and their related storage facilities shall be subject to Transport Canada requirements and/or recommended guidelines (where applicable) and it shall be the responsibility of the proponent to investigate the need for any required permits, approval or licenses as may be required from Transport Canada.

2. Private or Communal Cemeteries

3. Private or Communal Sewage Treatment Lagoons.

4. Secondary Suite

Not more than one “secondary suite” as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted “farm dwelling” or conditionally approved “non-farm dwelling”. Notwithstanding the siting and setback requirements for “accessory uses” as provided for in **Table 3.2 of this PART**, all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, Table 3.2** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of

the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authorities having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:					
¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes Forming Part of Table 3.2: "AG" Agriculture General Zone:

- (a) In addition to the minimum requirements for **Table 3.2**, the following requirements shall apply:
- (i) The maximum allowable height for all buildings and structures shall be 30 feet, with the exception of grain silos and elevators, wind energy generation stations, water towers, church spires, and flagpoles.
 - (ii) The minimum dwelling unit area shall be 800 square feet (74.32 sq/m) for a single-unit dwelling and 600 square feet (55.74 sq/m) for a mobile home dwelling unit.
- (b) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (c) Except for cemeteries where a site or rear site line is adjacent to a government road allowance or other municipal road, the minimum required yard shall be 125 feet.
- (d) Apiaries or bee colonies shall be considered as a conditional use when proposed to be located within 1 mile of a designated residential area and/or urban settlement center.
- (e) Notwithstanding the minimum site area requirement specified in **TABLE 3.2 herein**, all newly siting or expanding livestock operations shall have access to (either by direct ownership or lease) and use of sufficient lands to accept the application of all of the livestock manure generated by the operation in a sustainable manner on an annual basis in accordance with the provisions of the Livestock, Manure & Mortalities Management Regulation 42/98, as amended and the Nutrient Management Regulation 62/2008, as amended.
- (f) New or expanding livestock operations are deemed to be a conditional use regardless of their location when the total number of animal units (AUs) being produced, inclusive of all animal species, is equal to or greater than three hundred (300) animal units (AUs) cumulative across species. All livestock operations located in

the “**AG**” **Agriculture General Zone** producing 10 or more animal units (cumulative across species) shall also be subject to the requirements of **PART 4** of this by-law.

- (g) The maximum site area shall be 10 acres, unless physical features of the site, such as natural drains, shelterbelts, etc. indicate that a slightly larger site would be appropriate.
- (h) Anhydrous ammonia storage facilities shall be set back 350 feet from any public roadway, and shall be separated by a distance of 1,320 feet from any individual residence or building of human occupation except for the residence or building of human occupation of the operator or caretaker and shall be separated by a distance of 2,640 feet from any residential area and public buildings.
- (i) Where two municipal roads intersect the minimum required yard shall be 200 feet measured from the centre line of the intersection.
- (j) Notwithstanding the requirements of **Table 3.2 herein**, all animal housing facilities shall be setback a minimum of 50 metres (164 feet) from the property boundaries of the livestock operation and all feedlots and manure storage facilities shall be setback a minimum of 100 metres (328 feet) from the property boundaries of the livestock operation.
- (k) Additional Requirements for Siting Wind Energy Generation Stations:
 In addition to satisfying the minimum requirements of **Table 3.2 of PART 3 herein**, the following additional requirements shall also apply to the development of wind energy generation stations (WEGS).
 - i. Each wind energy generation station (WEGS) facility shall be dedicated only to the location of the wind energy generation station tower and/or the associated accessory buildings and infrastructure. The wind turbine tower is the principal use of the (WEGS) site but the land within the (WEGS) site that is not used for the facility may be used for compatible agricultural activities provided all other provisions of this by-law are satisfied.
 - ii. No portion of a (WEGS) tower, including its blade assembly shall extend beyond the limits of the site on which it is located unless the affected property owner has provided written authorization to the WEGS developer and Development Officer.
 - iii. All accessory buildings and structures associated with and located on the same site as a Wind Energy Generation Station (WEGS) tower shall be set back a minimum of 125 feet from all property lines of the site on which the (WEGS) is located. Where the site is located within the controlled areas of the provincial highway system, the proponent shall be responsible for obtaining required permits from provincial authorities having jurisdiction.
 - iv. A (WESG) project involving more than one site and/or parcel of land may be processed at the same time. However, separate conditional use applications and any resulting conditional use orders shall be issued for each separate site containing one or more wind energy generation station tower.
 - v. Proponents of a wind energy generation station (WEGS) development shall submit to the Development Officer a detailed site plan showing the location of all wind turbine towers, electrical lines (above or below ground), on-site roads and driveways providing access to the public road system and setback information to adjacent development as part of the conditional use application.
 - vi. Proponents of a (WEGS) development are responsible for obtaining any required Federal and/or Provincial permits or approvals from agencies such as but not limited to Transport Canada, NAV Canada, Manitoba Hydro and all provincial authorities having jurisdiction, prior to the issuance of a development permit and any required building permits.

- vii. When locating a proposed wind energy generation station tower in the vicinity of an airport all Transport Canada regulations regarding lighting, height and location of buildings and structures shall be satisfied.
- viii. A development permit and building permit (if required) shall be obtained prior to the commencement of construction.
- ix. All signage and/or lighting affixed to a commercial Wind Energy Generation Station (WEGS) towers shall be subject to the approval of Council. Any illumination of the facility shall be arranged so that it does not create glare at any nearby property or public roadway.
- x. A private wind energy generation station (WEGS) located on the same site and in direct support of either a permitted or conditionally approved single private agricultural activity or private residential activity shall be treated as an accessory structure. This structure shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of extension of its rotors.
- xi. The total height of all (WEGS) towers shall be the distance measured from the ground to the uppermost point of the extension of any rotor blade.

(l) Minimum Separation Distances Between Wind Energy Generation Stations and Adjacent Development:

In addition to satisfying the minimum requirements of **Table 3.2 of PART 3** herein, the following additional **mutual** separation distances set out below shall also apply to both land uses cited in each clause).

- i. All (WEGS) tower bases shall be separated a minimum distance of one thousand six hundred and forty feet from all dwellings and other habitable buildings (e.g. motel) located on all lands except as provided in clause ii (below).
 - ii. All (WEGS) tower bases shall be separated a minimum distance of one and one half (1.5) times the total height of the tower plus rotor from employee accommodation buildings built and owned by the WEGS company/operator which are located on leased or owned lands which are part of the wind farm development.
 - iii. All (WEGS) towers shall be separated a minimum of 1.5 times their total height from any other titled property including the boundary of a railway right-of-way, government road allowance or provincial road or provincial trunk highway. Where a (WEGS) is proposed within the controlled area of a provincial road or provincial trunk highway, they shall be subject to the approval of the provincial authorities having jurisdiction.
 - iv. All (WEGS) tower bases shall be setback a minimum two hundred (200 feet) from the ordinary high water level of a lake or water course.
 - v. All (WEGS) tower bases shall be setback a minimum of one half mile (2640 feet) from all zoned urban areas, and/or rural residential areas.
- (m) Oil field battery facilities shall be considered a conditional use only when they are proposed to be located or expanded within one half mile of any dwelling or habitable structure, otherwise they shall be deemed a permitted use.
- (n) Animal housing facilities located on small rural land holdings such as a “riding academy and stable” or a single non-farm dwelling site shall be allowed as a permitted accessory use in all agricultural zones. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units

(cumulative across species) as calculated from **Table 4-1 of PART 4** of this by-law and shall be further subject to the following additional requirements:

- 1) a) The animal housing facility and any manure stored onsite shall be separated a minimum distance of five hundred (500) feet (152.4 meters) from the limits of all **“RR2”** and **“RR5”** rural residential zone(s) herein and three hundred and twenty-eight (328) feet (100m) away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 feet from all public roads and seventy-five (75) feet from the side and rear limits of the property on which they are sited.
 - b) The maximum amount of livestock which may be kept within a small rural land holding such as a riding academy and stables or single farm or non-farm dwelling site shall not exceed 0.75 Animal Units (AU) per two (2) acres of site area, to a maximum of nine (9) Animal Units (cumulative across species).
 - 2) Notwithstanding subsection 1) b) (above), where a conditionally approved riding academy and stables proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a “livestock operation” as defined in **PART 6** of this by-law and shall be subject to the use and site requirements for a “livestock operation” as set out in **TABLE 3.2 of this PART** as well as the requirements of **PART 4** of this by-law.
- (o) Council may require the proponent to provide it with a physical site plan and/or a business plan as part of the application to assist in determining support for this type of land use.
 - (p) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
 - (q) Newly siting facilities of this type shall generally be directed to existing urban settlement centers and rural settlement centres but may be allowed in the **‘AG’ AGRICULTURE GENERAL ZONE** if Council is satisfied that no suitable site is available in an existing urban community.
 - (r) All required yards specified for any use shall be located on the same site as the principal use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.7 “AL” Agriculture Limited Zoning District Purpose and Intent

The “AL” Agriculture Limited Zoning District is hereby established in this zoning by-law and is intended to:

- (a) Support and strengthen the agricultural industry in the municipality and to provide flexibility and opportunity for farm operators to engage in a variety and range of farming practices; and
- (b) Protect the agricultural industry and its land resources in recognition of the contribution of agriculture to the economy, lifestyle and character of the municipality.
- (c) Protect the environmental carrying capacity of the land base to sustain the range of uses associated with this zoning district.
- (d) Allow for a limited amount of non-agricultural uses, provided the primary use of the land is agriculture.
- (e) Provide for a wide range of agricultural activities, with Council having the opportunity to review applications for new or expanding livestock operations (LOs) between 100 animal units and a maximum of 300 animal units

3.7.1 “AL” Agriculture Limited Zone – Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

1. Buildings or Structures for the Operation and Maintenance of an Agricultural Activity, including:
 - i. Shelters or enclosures for livestock produced by the agricultural activity, including corrals and barns, subject to the requirements of **PART 4** of this By-law;
 - ii. Storage of supplies and equipment utilized by the activity, including machine sheds, livestock feed, fuel and fertilizer storage structures; and
 - iii. Storage of agricultural commodities produced by the operation, including vegetable storage buildings, grain bins, and similar structures.
2. Accessory Animal Housing Facilities located on conditionally approved small rural land holdings such as a “riding academy and stables” or a “non-farm dwelling” site shall be allowed as a permitted accessory use. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **PART 4, Table 4.1** of this by-law and shall not exceed one animal unit per acre of site area and shall be subject to the following additional requirements:
 - i. The animal housing facility and any manure stored onsite shall be separated a minimum distance of five hundred (500) feet from the limits of all “**RR2**” and “**RR5**” Rural Residential Zone(s) and “**RMH**” Residential Mobile Home Zones and the **Community of Souris** and three hundred and twenty-eight (328) feet away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 feet

from all public roads, and seventy-five (75) feet from the side and rear limits of limits of the property on which they are sited.

- ii. Notwithstanding the nine (9) animal unit cap (cumulative across species) referred to in this section, where a conditionally approved riding academy and stables or non-farm dwelling site proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a “livestock operation” as defined in **PART 6** of this by-law and shall be required to satisfy the use and bulk requirements for a “livestock operation” in the **“AL” Agriculture Limited Zone** as set out in **PART 4** this by-law as well as having to satisfy other provisions of **PART 5** of this by-law.
3. Accessory Communal Facilities including dwellings, churches, and school facilities as part of a communal community.
 4. Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
 5. Accessory Shipping Containers
In the **“AL” Zone**, an “accessory shipping container” as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).
 6. Accessory Signs as provided for in **PART 2** of this By-law.
 7. Accessory Tent Like Structures
In the **“AL” Zone**, an “accessory tent-like structure” as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site. All accessory tent-like structures greater than one-hundred and eight (108) square feet shall be subject to the issuance of a Development Permit.
 8. Clubhouses, Maintenance Buildings, and Other Similar Structures on the grounds of golf courses and other similar permitted or approved recreational facilities.
 9. Farm dwellings, Mobile and/or Modular Homes when located on the same parcel of land as the agricultural operation to which they are accessory.
 10. Home-based business activities shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.
 11. Personal Telecommunications Tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved single private agricultural activity or private residential activity shall be treated as a permitted accessory structure. All such personal telecommunications tower structures shall be set back from

all property lines a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

b) Conditional Accessory Uses Buildings and Structures

1. Accessory Farm Based Air Landing Strips and Related Storage Facilities

In the **“AL” Zone**, all newly siting accessory farm-based air landing strips and their related storage facilities may be developed as a conditionally approved accessory use only when they are located on and forming part of a permitted or conditionally approved agricultural operation subject to the following additional requirements:

- i. The minimum parcel size required for a permitted or conditionally approved agricultural operation wanting to develop an accessory farm-based air land strip and its associated storage facilities shall be 80 acres and the site shall have a minimum width of one-thousand (1,000) feet;
- ii. The accessory farm-based air landing strip and any related storage facilities shall be setback a minimum of 300 feet from all property lines of the site on which it is located;
- iii. No newly siting accessory farm-based air landing strip and any related storage facilities shall be developed within 1 mile of the limits of a the **Community of Souris** and all **“RR2”** and **“RR5”** Rural Residential zone(s).
- iv. Existing farm-based air landing strips and their related storage facilities which do not comply with the minimum use and bulk and siting and setback requirements as set out in this section shall be deemed to be an approved accessory use as they existed on the date of the adoption of this by-law.
- v. Notwithstanding anything in this By-law, all accessory farm-based air landing strips and their related storage facilities shall be subject to Transport Canada requirements and/or recommended guidelines (where applicable) and it shall be the responsibility of the proponent to investigate the need for any required permits, approval or licenses as may be required from Transport Canada.

2. Buildings Associated with an Approved Conditional Use which provide additional storage or production capacity, or otherwise contribute to an expansion or intensification of the conditional use.

3. Private or Communal Cemeteries

4. Secondary Suite

Not more than one “secondary suite” as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted “farm dwelling” or conditionally approved “non-farm dwelling”. Notwithstanding the siting and setback requirements for “accessory uses” as provided for in **Table 3.2 of this PART**, all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, Table 3.3** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the

secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authorities having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

ACCESSORY USES, BUILDINGS, STRUCTURES					
Accessory uses, buildings and structures (See also PARTS 2 and 4 of this by-law)	-	-	125	25	25
NOTES:					
¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes Forming Part of Table 3.3: “AL” Agriculture Limited Zone:

- (a) In addition to the minimum requirements for **TABLE 3.3**, the following requirements shall apply:
 - (i) Maximum allowable height for all buildings and structures shall be 30 feet, excepting grain storage structures, fuel and fertilizer storage tanks, church steeples and telecommunication towers.
 - (ii) Minimum dwelling unit area shall be 800 square feet (74.32 sq/m) for a residential building, and 400 square feet (37.16 sq/m) for an accessory residential suite within a commercial building.
- (b) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (c) Except for cemeteries where a site or rear site line is adjacent to a government road allowance or other municipal road, the minimum required yard shall be 125 feet.
- (d) Apiaries or bee colonies shall be considered as a conditional use when proposed to be located within 1 mile of a designated residential area and/or urban settlement center.
- (e) Notwithstanding the minimum site area requirement specified in **TABLE 3.3 herein**, all newly siting or expanding livestock operations shall have access to (either by direct ownership or lease) and use of sufficient lands to accept the application of all of the livestock manure generated by the operation in a sustainable manner on an annual basis in accordance with the provisions of the Livestock, Manure & Mortalities Management Regulation 42/98, as amended and the Nutrient Management Regulation 62/2008, as amended.
- (f) New or expanding livestock operations are deemed to be a conditional use regardless of their location when the total number of animal units (AUs) being produced, inclusive of all animal species, is equal to or greater than three hundred (300) animal units (AUs) cumulative across species. All livestock operations located in the “**AL**” Agriculture Limited Zone producing 10 or more animal units (cumulative across species) shall also be subject to the requirements of **PART 4** of this by-law.
- (g) The maximum site area shall be 10 acres, unless physical features of the site, such as natural drains, shelterbelts, etc. indicate that a slightly larger site would be appropriate.

- (h) Anhydrous ammonia storage facilities shall be set back 330 feet from any public roadway, and shall be separated by a distance of 1,320 feet from any individual residence or building of human occupation except for the residence or building of human occupation of the operator or caretaker and shall be separated by a distance of 2,640 feet from any residential area and public buildings.
- (i) Where two municipal roads intersect the minimum required yard shall be 200 feet measured from the centre line of the intersection.
- (j) Notwithstanding the requirements of **Table 3.3 herein**, all animal housing facilities shall be setback a minimum of 164 feet (50m) from the property boundaries of the livestock operation and all feedlots and manure storage facilities shall be setback a minimum of 328 feet (100m) from the property boundaries of the livestock operation.
- (k) Oil field battery facilities shall be considered a conditional use only when they are proposed to be located or expanded within one half mile (0.8km) of any dwelling or habitable structure, otherwise they shall be deemed a permitted use.
- (l) Animal housing facilities located on small rural land holdings such as a “riding academy and stable” or a single “farm dwelling” site or “non-farm dwelling” site shall be allowed as a permitted accessory use in all agricultural zones. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **Table 4-1 of PART 4** of this by-law and shall be subject to the following additional requirements:
- 1)
 - a) The animal housing facility and any manure stored onsite shall be separated a minimum distance of 500 feet (152.4 meters) from the limits of all **“RR2” and “RR5” Rural Residential Zones** and the **Community of Souris** and 328 feet (100m) away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 feet (38.1m) from all public roads and 75 feet (22.86m) from the side and rear limits of the property on which they are sited.
 - b) The maximum amount of livestock which may be kept within a small rural land holding such as a riding academy and stables or single farm or non-farm dwelling site shall not exceed 0.75 Animal Units (AU) per two (2) acres (8093.7 sq/m) of site area, to a maximum of nine (9) Animal Units (cumulative across species).
 - 2) Notwithstanding subsection 1) b) (above), where a conditionally approved riding academy and stables proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a “livestock operation” as defined in **PART 6** of this by-law and shall be subject to the use and site requirements for a “livestock operation” as set out in **TABLE 3.3 of this PART** as well as the requirements of **PART 4** of this by-law.
- (m) Council may require the proponent to provide it with a physical site plan and/or a business plan as part of the application to assist in determining support for this type of land use.
- (n) Newly siting facilities of this type shall generally be directed to existing urban settlement centers but may be allowed in the **“AL” Agriculture Limited Zone** if Council is satisfied that no suitable site is available in an existing urban community.
- (o) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

- (p) The separation distance between a wind turbine tower for commercial power generation and a habitable building shall be 1,320 feet (402.3m), measured from the base of the tower. No portion of the tower, including a rotating blade, shall extend beyond any site line, unless the owner of the adjacent property has provided written authorization. A proposal for multiple tower developments may be considered under one application, with a separate approval decision for each tower location.

3.8 “AR” Agriculture Restricted Zoning District - Purpose and Intent

The “AR” Agriculture Restricted Zoning District is hereby established in this zoning by-law and is intended to:

- (a) Support and strengthen the agricultural industry in the municipality and to provide flexibility and opportunity for farm operators to engage in a variety and range of farming practices; and
- (b) Protect the agricultural industry and its land resources in recognition of the contribution of agriculture to the economy, lifestyle and character of the municipality.
- (c) Protect the environmental carrying capacity of the land base to sustain the range of uses associated with this zoning district.
- (d) Allow for a limited amount of non-agricultural uses, provided the primary use of the land is agriculture.
- (e) Provide for a wide range of general agricultural activities, with the maximum size of a livestock operation being permitted in this zone being 10 animal units cumulative across species.

3.8.1 “AR” Agriculture Restricted Zone – Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

1. Buildings or Structures for the Operation and Maintenance of an Agricultural Activity, including:
 - i. Shelters or enclosures for livestock produced by the agricultural activity, including corrals and barns, subject to the requirements of **PART 4** of this by-law;
 - ii. Storage of supplies and equipment utilized by the activity, including machine sheds, livestock feed, fuel and fertilizer storage structures; and
 - iii. Storage of agricultural commodities produced by the operation, including vegetable storage buildings, grain bins, and similar structures.
2. Accessory Animal Housing Facilities located on conditionally approved small rural land holdings such as a “riding academy and stables” or a “non-farm dwelling” site shall be allowed as a permitted accessory use. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **PART 4, Table 4.1** of this by-law and shall not exceed one animal unit per acre of site area and shall be subject to the following additional requirements:
 - i. The animal housing facility and any manure stored onsite shall be separated a minimum distance of 500 feet (152.4m) from the limits of all “**RR2**” and “**RR5**” **Rural Residential Zone(s)** and the **Community of Souris**, and 328 feet (100m) away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 feet

(38.1m) from all public roads, and 75 feet (22.86m) from the side and rear limits of limits of the property on which they are sited.

- ii. Notwithstanding the nine (9) animal unit cap (cumulative across species) referred to in this section, where a conditionally approved riding academy and stables or non-farm dwelling site proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a **“livestock operation”** as defined in **PART 6** of this by-law and shall be required to satisfy the use and bulk requirements for a “livestock operation” in the **“AL” Agriculture Limited Zone** as set out in **PART 4** this by-law as well as having to satisfy other provisions of **PART 5** of this by-law.
3. Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
 4. Accessory Shipping Containers
In the **“AR” Zone**, an “accessory shipping container” as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).
 5. Accessory Signs as provided for in **PART 2** of this By-law.
 6. Accessory Tent Like Structures
In the **“AR” Zone**, an “accessory tent-like structure” as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site. All accessory tent-like structures greater than one-hundred and eight (108) square feet shall be subject to the issuance of a Development Permit.
 7. Clubhouses, Maintenance Buildings, and Other Similar Structures on the grounds of golf courses and other similar permitted or approved recreational facilities.
 8. Farm dwellings, Mobile and/or Modular Homes when located on the same parcel of land as the agricultural operation to which they are accessory.
 9. Home-based business activities shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.
 10. Personal Telecommunications Tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved single private agricultural activity or private residential activity shall be treated as a permitted accessory structure. All such personal telecommunications tower structures shall be set back from all property lines a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

b) Conditional Accessory Uses Buildings and Structures

1. Buildings Associated with an Approved Conditional Use which provide additional storage or production capacity, or otherwise contribute to an expansion or intensification of the conditional use.
2. Private or Communal Cemeteries
3. Secondary Suite
Not more than one “secondary suite” as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted “farm dwelling” or conditionally approved “non-farm dwelling”. Notwithstanding the siting and setback requirements for “accessory uses” as provided for in **Table 3.4 of this PART**, all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, Table 3.4** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authorities having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES: ¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law. ² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes Forming Part of Table 3.4: “AR” Agriculture Restricted Zone:

- (a) In addition to the minimum requirements for **TABLE 3.4**, the following requirements shall apply:
 - (ii) Maximum allowable height for all buildings and structures shall be 30 feet, excepting grain storage structures, fuel and fertilizer storage tanks, church steeples and telecommunication towers.
 - (ii) Minimum dwelling unit area shall be 800 square feet (74.32 sq/m) for a residential building, and 400 square feet (37.16 sq/m) for an accessory residential suite within a commercial building.
- (b) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (c) Except for cemeteries where a site or rear site line is adjacent to a government road allowance or other municipal road, the minimum required yard shall be 125 feet (38.1m).
- (d) Apiaries or bee colonies shall be considered as a conditional use when proposed to be located within 1 mile (1.6km) of a designated residential area and/or urban settlement center.
- (e) Notwithstanding the minimum site area requirement specified in **TABLE 3.4 herein**, all newly siting or expanding livestock operations shall have access to (either by direct ownership or lease) and use of sufficient lands to accept the application of all of the livestock manure generated by the operation in a sustainable manner on an annual basis in accordance with the provisions of the Livestock, Manure & Mortalities Management Regulation 42/98, as amended and the Nutrient Management Regulation 62/2008, as amended.
- (f) The maximum site area shall be 10 acres, unless physical features of the site, such as natural drains, shelterbelts, etc. indicate that a slightly larger site would be appropriate.
- (g) Anhydrous ammonia storage facilities shall be set back 350 feet from any public roadway, and shall be separated by a distance of 1,000 feet (304.8m) from any individual residence or building of human occupation except for the residence or building of human occupation of the operator or caretaker and shall be separated by a distance of 2,640 feet (804.6m) from any residential area and public buildings.
- (h) Where two municipal roads intersect the minimum required yard shall be 200 feet (61m) measured from the centre line of the intersection.

- (i) Notwithstanding the requirements of **Table 3.4 herein**, all animal housing facilities shall be setback a minimum 164 feet (50m) from the property boundaries of the livestock operation and all feedlots and manure storage facilities shall be setback a minimum of 328 feet (100m) from the property boundaries of the livestock operation.
- (j) Oil field battery facilities shall be considered a conditional use only when they are proposed to be located or expanded within one half mile of any dwelling or habitable structure, otherwise they shall be deemed a permitted use.
- (k) Animal housing facilities located on small rural land holdings such as a “riding academy and stable” or a single “farm dwelling” site or “non-farm dwelling” site shall be allowed as a permitted accessory use in all agricultural zones. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **Table 4-1 of PART 4** of this by-law and shall be subject to the following additional requirements:
 - 1) a) The animal housing facility and any manure stored onsite shall be separated a minimum distance of five hundred (500) feet (152.4 meters) from the limits of all “**RR2**” and “**RR5**” **Rural Residential Zone(s)** and the **Community of Souris**, and three hundred and twenty-eight (328) feet (100m) away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 feet from all public roads and 75 feet (22.86m) from the side and rear limits of the property on which they are sited.
 - b) The maximum amount of livestock which may be kept within a small rural land holding such as a riding academy and stables or single farm or non-farm dwelling site shall not exceed 0.75 Animal Units (AU) per 2 acres (8,094 sq/m) of site area, to a maximum of nine (9) Animal Units (cumulative across species).
- 2) Notwithstanding subsection 1) b) (above), where a conditionally approved riding academy and stables proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a “livestock operation” as defined in **PART 6** of this by-law and shall be subject to the use and site requirements for a “livestock operation” as set out in **TABLE 3.4 of this PART** as well as the requirements of **PART 4** of this by-law.
- (l) Council may require the proponent to provide it with a physical site plan and/or a business plan as part of the application to assist in determining support for this type of land use.
- (m) Newly siting facilities of this type shall generally be directed to existing urban settlement centers but may be allowed in the “**AR**” **Agriculture Restricted Zone** if Council is satisfied that no suitable site is available in an existing urban community.
- (n) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.
- (o) It shall be the responsibility of the owner/operator of the crematoria to ensure the facility and equipment therein is located, built, operated, and maintained in accordance with all applicable provincial regulatory requirements.

3.9 “RR2” Rural Residential Zoning District – Purpose and Intent

The “RR2” - Rural Residential Zoning District is hereby established in this by-law and provides areas for clusters of planned multi-lot rural residential development on parcels that are a minimum of 2 acres (8,097 sq/m) in size with 200 feet (61m) of frontage. Rural residential development will be located and designed to preserve the rural and agrarian character of the area while not being wasteful of Prime and viable lower class agricultural lands. Lots will generally rely on individual onsite water and wastewater infrastructure. The keeping of any livestock is **prohibited** in this zoning district.

3.9.1 “RR2” Rural Residential Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

1. Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
2. Accessory Signs as provided for in **PART 2** of this By-law.
3. Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service that is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **PART 3, Table 3.5** herein, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
4. Home Based Business with No Exterior Processing or Storage shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.

b) Conditional Accessory Uses Buildings and Structures

1. Home Based Businesses with No Exterior Processing or Storage shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.

c) Prohibited Accessory Uses Buildings and Structures

1. The Keeping of Livestock
The keeping of any livestock and/or the construction of buildings or other structures or enclosures for the purposes of any keeping livestock **shall not be allowed** within the “RR2” Rural Residential Zone.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.5: "RR2" Rural Residential Zone:

- (a) (i) The maximum allowable height for all principal buildings and structures shall be 30 feet (9.14m).
- (ii) The maximum allowable height for all accessory buildings and structures shall be 15 feet (4.57m), excepting personal telecommunications towers which shall be allowed as permitted accessory structures when located on single-unit dwellings, mobile or modular home sites subject to the siting and setback requirements of footnote (i) of **Table 3.5** herein.
- (iii) The minimum dwelling unit floor area for a single-unit dwelling, mobile home, or modular home shall be 800 square feet (74.32 sq/m).
- (b) (i) Where principal buildings and/or structures are adjacent to a Government Road Allowance under the jurisdiction of the municipality, the minimum front and side yard setbacks shall be one hundred and twenty-five (125) feet (38.1m).
- (ii) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (c) The side or rear yard for sites in close proximity to the Souris River or Plum Creek shall be governed by **PART 2, Section 2.18 of this By-law**.
- (d) The keeping of any livestock or the construction of animal housing facilities in the "RR2" zone shall be prohibited.

- (e) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (f) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (g) Where an accessory building is located to the side of a main building, the required side yard for the main building shall be maintained along the side site line, and shall be the required side yard for the accessory building.
- (h) Where the rear site line of a single dwelling, mobile or modular home site is along a shoreline of a lake or other water body, the minimum rear yard shall be zero (0) for accessory docks and/or boathouses only.
- (i) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.10 “RR5” Rural Estate Residential Zoning District – Purpose and Intent

The “RR5” - **Rural Estate Residential Zoning District** is hereby established in this by-law and provides for clusters of planned multi-lot rural estate residential development on medium sized rural acreages that are a minimum of 5 acres in size with 300 feet of frontage. These lots will generally rely on individual onsite water and wastewater infrastructure. The keeping of a maximum of 1.33 AU of livestock per 2 acres (8,094 sq/m) of site area to a maximum of (3.5) animal units cumulative across species on residential parcels may be allowed as a **conditional use** in this zone.

3.10.1 “RR5” Rural Estate Residential Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

1. Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
2. Accessory Signs as provided for in **PART 2** of this By-law.
3. Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service that is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **PART 3, Table 3.5** herein, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
4. Home based business with No Exterior Processing or Storage shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.
5. Keeping of Horses for Recreational Use by the residents of the premises, up to a maximum of two horses per five acres of land area, plus offspring up to the age of one year, subject to the following conditions:
 - i. The keeping of such livestock shall not create any unacceptable nuisance factors;
 - ii. The livestock shall be maintained in a manner which does not result in overgrazing of the premises, and
 - iii. Livestock confinement facilities and grazing areas shall be maintained in a sanitary condition, particularly with respect to manure management practices.
 - a) All manure stored onsite shall be setback a minimum of 100 feet (30m) of all property lines of the site on which it is located.

b) Conditional Accessory Uses, Buildings and Structures

1. Home Based Businesses with Exterior Processing or Storage shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:					
¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.6: "RR5" Rural Residential Zone:

- (a) (i) The maximum allowable height for all principal buildings and structures shall be 30 feet (9.14m).
- (ii) The maximum allowable height for all accessory buildings and structures shall be 15 feet (4.57m), excepting personal telecommunications towers which shall be allowed as permitted accessory structures when located on single-unit dwellings, mobile or modular home sites subject to the siting and setback requirements of footnote (i) of **Table 3.6** herein.
- (iii) The minimum dwelling unit floor area for a single-dwelling, mobile home and modular home shall be 800 square feet (74.32 sq/m).
- (b) (i) Where principal buildings and/or structures are adjacent to a Government Road Allowance under the jurisdiction of the municipality, the minimum front and side yard setbacks shall be one hundred and twenty-five (125) feet (38.1m).
- (ii) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (c) The side or rear yard for sites in close proximity to the Souris River or Plum Creek shall be governed by **PART 2, Section 2.18**.
- (d) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

- (e) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (f) Where an accessory building is located to the side of a main building, the required side yard for the main building shall be maintained along the side site line, and shall be the required side yard for the accessory building.
- (g) Where the rear site line of a single dwelling, mobile or modular home site is along a shoreline of a lake or other water body, the minimum rear yard shall be zero (0) for accessory docks and/or boathouses only.
- (h) Where an animal housing facility is proposed on a site with a single-unit dwelling, mobile or modular home as its principal use, the animal housing facility may be allowed as a conditionally approved accessory use in the **“RR5” Rural Residential Zone**. In such circumstances, the maximum amount of livestock which may be kept on a rural residential site shall not exceed 1.33 Animal Units (AU) per 2 acres (8,094 sq/m) of site area as calculated from **Table 6-1 of PART 6** of this by-law, to a maximum of three and a half (3.5) Animal Units (cumulative across species) and shall be subject to the following additional requirements:
 1. The animal housing facility and any manure stored onsite shall be separated a minimum distance of two hundred (200) feet (61m) away from all residences other than the owner’s residence located on the same site as the animal housing facility and any manure stored onsite.
 2. Any manure stored onsite shall be setback a minimum of thirty (30) feet (9.15m) from the side and rear limits of the property on which they are sited and shall also stored to the rear of the dwelling on the site.
- (i) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.11 RT – Residential Two-Unit Zoning District – Purpose and Intent

The “**RT**” **Residential Two-Unit Zoning District** is hereby established in this by-law and is intended to provide areas in urban settlement centres to accommodate fully serviced (i.e. municipal piped water and wastewater) single-unit dwelling and two-unit dwelling residential and related development. This zone provides for a variety of housing types and affordability levels to accommodate a range of income levels, the ability to age in place and serve diverse market demands. The keeping of any livestock in the “**RT**” **zone** is prohibited.

3.11.1 “RT” Residential Two-Unit Zoning District Accessory Uses, Buildings and Structures**a) Permitted Accessory Uses, Buildings and Structures**

- i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
- ii) Accessory Off-Street Parking Spaces as required and regulated in **PART 2** of this By-law.
- iii) Accessory Signs as provided for in **PART 2** of this By-law.
- iv) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service that is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.6 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
- v) Home Based Businesses shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

ACCESSORY USES, BUILDINGS, STRUCTURES					
Accessory uses, Buildings and Structures (See also PARTS 2 and 4 of this By-law).	-	-	(k)	5	5 (i)
NOTES:					
¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.7: "RT" Residential Two-Unit Zone:

In addition to the minimum requirements for **TABLE 3.7** (above), the following requirements shall apply:

- (a) (i) The maximum allowable height for all principal buildings and structures shall be 30 feet (9.14m) (two stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings.
- (ii) The maximum allowable height for all accessory buildings and structures shall be 15 feet (4.57m), except for chimneys, flagpoles, antennas, and private tele-communication towers which are accessory to a residential use.
- (b) In infilling situations where the existing front yards of adjacent buildings are less than 25 feet (7.62m), the minimum required front yard shall be the average of the two adjacent buildings on each side of the site, or in the case of corner sites, the next two adjacent buildings on the same block of land but in all cases the minimum required front yard setback shall not be less than 15 feet (4.57m).

- (c) Where the site depth is less than 100 feet (30m), the minimum required front yard shall be 15 feet (4.57m) and the minimum required rear yard shall be 15 feet (4.57m).
- (d) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 feet (3.65m) clear of all projections other than eaves or gutters.
- (e) Where an interior lot used for residential purposes is not adjacent to a lane, one of the side yards shall be a minimum of 10 feet (3m) free of all projections other than eaves and gutters in order to accommodate the required parking space or to provide for vehicular access to the rear of the site. This requirement shall not apply where a garage or carport is attached to the principal building.
- (f) The minimum dwelling unit floor area for a single-unit dwelling shall be 800 square feet (74.32 sq/m), with an additional 400 square feet (37.16 sq/m) for the second and each additional dwelling unit therein.
- (g) For the purpose of interpreting the requirements of **Table 3.7** herein, a semi-detached two-unit dwelling, a row house or a multi-unit dwelling having common party walls shall be considered as being one (1) building occupying one (1) site.

Notwithstanding clause (i) of this footnote (above), in the case of semi-detached two-unit dwellings, each dwelling unit may occupy a separate site, provided each site is a minimum of 4,000 sq/ft (371.6 sq/m) in area and has a minimum site width of 50 feet (15.24m). In such circumstances, the side yard required along the shared common party wall shall be reduced zero (0) feet and all other provisions of **Table 3.7 of this PART** shall also apply.
- (h) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (i) Where an accessory building is used for storage of a motor vehicle, the wall that contains the vehicle access door shall be set back a minimum distance of ten (10) feet from a public lane.
- (j) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (k) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (l) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (m) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.12 “RS-U” Residential Un-Serviced Zoning District – Purpose and Intent

The “RS-U” - Residential Un-Serviced Zoning District is hereby established in this by-law and is intended primarily areas for single unit dwellings and complimentary uses in the urban settlement centre that are not yet serviced by municipal piped water and wastewater services. The lots in this zoning district will generally rely on individual onsite water and wastewater infrastructure until such time as those parts of the urban settlement centre have in place full municipal piped water and wastewater services. The keeping of any livestock in the “RS-U” zone is prohibited.

3.12.1 “RS-U” Residential Un-Serviced Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
- ii) Accessory Off-Street Parking Spaces as required and regulated in **PART 2** of this By-law.
- iii) Accessory Signs as provided for in **PART 2** of this By-law.
- iv) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.6 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
- v) Home Based Businesses shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

Accessory uses, Buildings and Structures (See also PARTS 2 and 4 of this By-law).	-	-	(i)	3	2 (h)
NOTES:					
¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.8 “RS-U” Residential Un-Serviced Zone:

In addition to the minimum requirements for **TABLE 3.8** (above), the following requirements shall apply:

- (a) (i) The maximum allowable height for all buildings and structures shall be 30 feet (9.14m) (two stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings and private tele-communication towers which are accessory to a residential use.
- (b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a private on-site holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be increased as follows:
 - (i) Minimum required site area shall be 2 acres (8,094 sq/m);
 - (ii) Minimum required site width shall be 200 feet (61m);
 - (iii) Minimum required side yard shall be 30 feet (9.14m).
- (c) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 feet (3.65m) free of all projections other than eaves and gutters.
- (d) The minimum dwelling unit floor area for a single-unit dwelling shall be 800 square feet (74.32 sq/m), with an additional 400 square feet (37.16 sq/m) for the second and each additional dwelling unit therein.

- (e) If a site is serviced by municipal piped water and sewage systems, the minimum site requirements shall be reduced as follows:
- (i) For a single-unit dwelling or a modular home, the minimum site area shall be reduced to 4,900 square feet (455.2 sq/m), the minimum site width shall be reduced to 49 feet (14.93m), and the minimum side yard shall be reduced to 5 feet (1.52m).
 - (ii) For a two-unit dwelling, the minimum site area shall be reduced to 7,200 square feet (668.9 sq/m), the minimum site width shall be reduced to 60 feet (18.28m), and the minimum side yard shall be reduced to 5 feet (1.52m).
- (f) (i) For the purpose of interpreting the requirements of **Table 3.8** herein, a semi-detached two-unit dwelling, a row house or a multi-unit dwelling having common party walls shall be considered as being one (1) building occupying one (1) site.
- (iii) Notwithstanding clause (i) of this footnote (above), in the case of semi-detached two-unit dwellings, each dwelling unit may occupy a separate site, provided each site is a minimum of 4,000 sq/ft (371.6 sq/m) in area and has a minimum site width of 50 feet (15.24m). In such circumstances, the side yard required along the shared common party wall shall be reduced zero (0) feet and all other provisions of **Table 3.8 of this PART** shall also apply.
- (g) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (h) Where an accessory building is used for storage of a motor vehicle, the wall that contains the vehicle access door shall be set back a minimum distance of 10 feet (3m) from a public lane.
- (i) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (j) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (k) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (l) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.13 RM – Residential Multiple-Unit Zoning District – Purpose and Intent

The “**RM**” **Residential Multi-Unit Zoning District** is hereby established in this by-law and is intended to provide areas in urban settlement centres to accommodate fully serviced (i.e. municipal piped water and wastewater) moderate density residential development of three dwelling units or more, and related development. This zone provides for a variety of moderate density housing types and affordability levels to accommodate a range of income levels, the ability to age in place and serve diverse market demands. The keeping of any livestock in the “**RM**” zone is prohibited.

3.13.1 “RM” Residential Multiple-Unit Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
- ii) Accessory Off-Street Parking Spaces as required and regulated in **PART 2** of this By-law.
- iii) Accessory Signs as provided for in **PART 2** of this By-law.
- iv) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.9 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
- v) Home Based Businesses shall be developed in accordance with the the requirements listed in **PART 4** of this by-law.

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.9: “RM” Residential Multiple-Unit Zone:

In addition to the minimum requirements for **TABLE 3.9** (above), the following requirements shall apply:

- (a) (i) The maximum allowable height for all principal buildings and structures shall be 30 feet (9.14m) (two stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings.
- (ii) The maximum allowable height for all accessory buildings and structures shall be 15 feet (4.57m), except for chimneys, flagpoles, antennas, and private tele-communication towers which are accessory to a residential use.
- (b) In infilling situations where the existing front yards of adjacent buildings are less than 25 feet (7.62m), the minimum required front yard shall be the average of the two adjacent buildings on each side of the site, or in the case of corner sites, the next two adjacent buildings on the same block of land but in all cases the front setback not be less than 15 feet (4.57m).

- (c) Where the site depth is less than 100 feet (30m), the minimum required front yard shall be 15 feet (4.57m) and the minimum required rear yard shall be 15 feet (4.57m).
- (d) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 feet (3.65m) clear of all projections other than eaves or gutters.
- (e) Where an interior lot used for residential purposes is not adjacent to a lane, one of the side yards shall be a minimum of 10 feet (3m) free of all projections other than eaves and gutters in order to accommodate the required parking space or to provide for vehicular access to the rear of the site. This requirement shall not apply where a garage or carport is attached to the principal building.
- (f) The minimum dwelling unit floor area for a single-unit dwelling shall be 800 square feet (74.32 sq/m), with an additional 400 square feet (37.16 sq/m) for the second and each additional dwelling unit therein.
- (g)
 - (i) For the purpose of interpreting the requirements of **Table 3.9** herein, a semi-detached two-unit dwelling, a row house or a multi-unit dwelling having common party walls shall be considered as being one (1) building occupying one (1) site.
 - (ii) Notwithstanding clause (i) of this footnote (above), in the case of semi-detached two-unit dwellings, each dwelling unit may occupy a separate site, provided each site is a minimum of 4,000 sq/ft (371.6 sq/m) in area and has a minimum site width of 50 feet (15.24m). In such circumstances, the side yard required along the shared common party wall shall be reduced zero (0) feet and all other provisions of **Table 3.9** shall also apply.
- (h) The minimum site area required for multi-unit dwellings shall be 10,000 sq/ft. (929 sq/m) for the first three (3) units and shall increase by a minimum of 1,000 sq/ft. (92.9 sq/m) for each additional dwelling unit thereafter.
- (i) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (j) Where an accessory building is used for storage of a motor vehicle, the wall that contains the vehicle access door shall be set back a minimum distance of 10 feet (3m) from a public lane.
- (k) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (l) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (m) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (n) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

- (o) In the case of bare land condominium developments, the following bulk requirements shall apply:
- (i) The required yards which are located around the perimeter of the development shall be as specified in **Table 3.9**, unless a greater setback requirement is specified in this subsection;
 - (ii) The narrowest boundary of each bare land condominium unit which abuts the internal roadway of the development shall be deemed to be a front site line for the unit, the dwelling shall be set back a minimum distance of 20 feet (6.1m) from the front site line, and this space shall be deemed to be a required front yard;
 - (iii) The boundary of each bare land condominium unit which is generally opposite to and most nearly parallel with the front site line described above shall be deemed to be a rear site line for the unit, the dwelling shall be set back a minimum distance of 20 feet (6.1m) from the rear site line, and this space shall be deemed to be a required rear yard;
 - (iv) Other boundaries are deemed to be side site lines, and where two dwellings are connected by a party wall other major structural element, the setback requirement shall be 0 feet along the common boundary otherwise the dwelling shall be set back a distance of 5 feet (1.52m) from the side site line;
 - (v) Accessory buildings, structures, and uses shall be permitted and governed by the other provisions of this **PART**, and the bare land condominium unit boundaries shall be deemed to be site lines for the purposes of establishing required yards for accessory buildings and structures.

3.14 “RMH” – Residential Mobile Home Zoning District – Purpose and Intent

The “RMH” Residential Mobile Home Zoning District is hereby established in this by-law and is intended to provide areas in urban settlement centres to accommodate fully serviced (i.e. municipal piped water and wastewater) mobile homes and related development. This zone provides for affordable mobile home developments to accommodate a range of income levels, the ability to age in place and serve diverse market demands. The keeping of any livestock in the “RMH” zone is prohibited.

3.14.1 “RMH” Residential Serviced Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.
- ii) Accessory Off-Street Parking Spaces as required and regulated in **PART 2** of this By-law.
- iii) Accessory Signs as provided for in **PART 2** of this By-law.
- iv) Home Based Businesses developed subject to the following requirements:
 - a) The business shall not by reason of emission of odour, dust, smoke, noise, gas, fumes, cinders, light, vibration, refuse matter, or waterborne wastes become offensive or obnoxious, or create a nuisance at or beyond any site line;
 - b) The business activity shall be conducted either within the dwelling or within an accessory building;
 - c) Shall be principally conducted by members of the family residing in the same dwelling unit;
 - d) Maximum of 500 square feet of floor area is devoted to the business in any dwelling unit or accessory building, or 40% of the floor area of the dwelling, whichever is lesser;
 - e) One business sign, either freestanding or affixed to the wall of a principal accessory building, is permitted, not exceeding 16 square feet;
 - f) The residential character of the property shall be maintained; and
 - g) The business activity shall not generate undue traffic or congestion in the neighbourhood.
 - h) Small-scale tourism-related facilities such as tea houses and small craft shops may be operated as a home business, provided that exterior display is limited to existing windows of the residence.

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:					
¹ For information concerning the treatment of lawfully established <u>existing uses, buildings and structures</u> in existence prior to the adoption of this by-law, please refer to PART 2: Uses of this by-law.					
² Provisions of PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.10: "RMH" - Residential mobile Home Zone:

In addition to the minimum requirements for **TABLE 3.10** (above), the following requirements shall apply:

- (a) (i) The maximum allowable height for all principal buildings and structures shall be 30 feet (9.14m) (two stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings.
- (a) (ii) The maximum allowable height for all accessory buildings and structures shall be 15 feet (4.57m), except for chimneys, flagpoles, antennas, and private tele-communication towers that are accessory to a residential use.
- (b) In infilling situations where the existing front yards of adjacent buildings are less than 25 feet (7.62m), the minimum required front yard shall be the average of the two adjacent buildings on each side of the site, or in the case of corner sites, the next two adjacent buildings on the same block of land but in all cases the front setback shall not be less than 15 feet (4.57m).
- (c) Where the site depth is less than 100 feet (30m), the minimum required front yard shall be 15 feet (4.57m) and the minimum required rear yard shall be 15 feet.
- (d) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 feet 3.65m) clear of all projections other than eaves or gutters.

- (e) Where an interior lot used for residential purposes is not adjacent to a lane, one of the side yards shall be a minimum of 10 feet (3m) free of all projections other than eaves and gutters in order to accommodate the required parking space or to provide for vehicular access to the rear of the site. This requirement shall not apply where a garage or carport is attached to the principal building.
- (f) The minimum dwelling unit floor area for a single-unit dwelling shall be 800 square feet (74.32 sq/m).
- (g) For the purposes of the requirements of **Table 3.10**, a mobile home space shall be deemed to be a mobile home site.
- (h) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (i) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 feet (3m) from a public lane.
- (j) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (k) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (l) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (m) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.15 “CC” Commercial Central Zoning District – Purpose and Intent

The “CC” – Commercial Central Zoning District is hereby established in this by-law and is intended to provide areas in the central business area of the community of Souris for street-level commercial retail and other compatible uses such as, office, personal service, dining and entertainment, large-scale indoor recreation facilities. This zoning district also supports the rehabilitation and re-use of existing buildings, along with the preservation of heritage resources and significant structures. The keeping of any livestock in the “CC” zone is prohibited.

3.15.1 “CC” Commercial Central Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- i) Accessory Signs as provided for in **PART 2** of this By-law.
- ii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.11 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
- iii) Home Based Business Activities shall be developed in accordance with the requirements of **PART 4** of this by-law.

b) Conditional Accessory Uses, Buildings and Structures

- i) Accessory Shipping Containers
In the “CC” Zone, an “accessory shipping container” as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as the use to which it is accessory. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).
- ii) Accessory Tent Like Structures
In the “CC” Zone, an “accessory tent-like structure” as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as the use to which it is accessory. All accessory tent-like structures between one hundred and eight (108) square feet and two-hundred and fifty (250) square feet shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding two-hundred and fifty (250) square feet shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

Footnotes for Table 3.11: "CC" Commercial Central Zone:

In addition to the minimum requirements for **TABLE 3.11** (above), the following requirements shall apply:

- (a) The maximum allowable height for all buildings and structures shall be 30 feet (9.14m), except for church steeples and similar architectural components of permitted or conditionally approved public buildings and accessory telecommunication towers.
- (b) More than one principal commercial building or commercial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than (1) purpose, all of the requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.
- (c) Where an interior side yard is provided, it shall be a minimum width of 5 feet (1.52m).

- (d) The minimum required front yard shall be reduced to 0 feet and the minimum required side yard shall be reduced to 0 feet if all exterior display areas and all required parking and loading spaces are provided elsewhere on the same site.
- (e) The minimum required floor area for a residential dwelling unit shall be 400 square feet.
- (f) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (g) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 feet (3m) from a public lane.
- (h) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (i) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (j) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (k) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.
- (l) All newly siting cannabis retail establishments shall be setback a minimum of 300 feet (91.4 metres) from the limits of lands zoned “**I**” **Institutional Zone**.

3.16 “CH” Commercial Highway Zoning District – Purpose and Intent

The “CH” – Commercial Highway Zoning District is hereby established in this by-law and is intended for a range of commercial and related uses that require large site areas and serve the needs of the travelling public, that are most appropriately located adjacent to major transportation routes in the community of Souris. The keeping of any livestock in the “CH” zone is prohibited.

3.16.1 “CH” Commercial Highway Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- i) Accessory Signs as provided for in **PART 2** of this By-law.
- ii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.12 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.
- iii) Home Based Business Activities shall be developed in accordance with the requirements of **PART 4** of this by-law.

b) Conditional Accessory Uses, Buildings and Structures

- i) Accessory Tent Like Structures
In the “CH” Zone, an “accessory tent-like structure” as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as the use to which it is accessory. All accessory tent-like structures between one hundred and eight (108) square feet and two-hundred and fifty (250) square feet shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding two-hundred and fifty (250) square feet shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.
- ii) Accessory Shipping Containers
Accessory shipping containers as defined in **PART 6** of this by-law in the “CH” Commercial Highway Zone.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.</p>					

Footnotes for Table 3.12: "CH" Commercial Highway Zone:

In addition to the minimum requirements for **TABLE 3.12** (above), the following requirements shall apply:

- (a) The maximum allowable height for all buildings and structures shall be 30 feet 9.14m) (two stories) except for architectural components of permitted or conditionally approved public buildings and accessory telecommunication towers.
- (b) More than one principal commercial building or commercial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than (1) purpose, all of the requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.

- (c) The minimum floor area for a residential dwelling unit shall be 400 square feet (37.16 sq/m).
- (d) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (e) For property adjacent to First Street or First Avenue, the front site line shall be deemed to be the site line which is coterminous with the boundaries of these streets. Where all required parking and loading spaces are provided elsewhere on the site other than in front of the main building, the minimum required front yard shall be 25 feet 7.62m).
- (f) Where the boundary of a site is coterminous with the side site line or rear site line of a site in a Residential Zone, the principal and accessory buildings or structures shall be set back 15 feet from the common site line.
- (g) Where an accessory building is used for storage of a motor vehicle, the wall that contains the vehicle access door shall be set back a minimum distance of 10 feet (3m) from a public lane.
- (h) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (i) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (j) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (k) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.
- (l) All newly siting cannabis retail establishments shall be setback a minimum of 300 feet (91.4 metres) from the limits of lands zoned “I” **Institutional Zone**.

3.17 The “MG” Industrial General Zoning District – Purpose and Intent

The “MG” Industrial General Zone is hereby established in this by-law and is intended to provide areas in rural areas of the municipality for a variety of manufacturing, processing, storage and transportation industries. The keeping of any livestock in the “MG” zone is prohibited.

3.17.1 “MG” - Industrial General Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

i) Accessory Dwelling Unit

One (1) attached or detached accessory dwelling unit and its associated accessory buildings may be developed as a permitted accessory use on the same parcel as the principal industrial use of the property which it serves. The accessory dwelling unit must in all cases satisfy all of the siting and setback requirements applicable to the principal use of the property and meet all other requirements of this by-law, the Manitoba Building Code and Manitoba Fire Code (where applicable). The minimum dwelling unit floor area for the accessory dwelling unit shall be one-thousand (1,000) sq/ft (92.9sq/m).

ii) Accessory Telecommunications Towers

An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.13**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

ACCESSORY USES, BUILDINGS, STRUCTURES					
Accessory uses, Buildings and Structures (See also PARTS 2 and 4 of this By-law)	-	-	(e)	3	2
NOTES:					
¹ For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to PART 2: General Rules and Regulations Applicable in All Zoning Districts of this by-law.					
² Provisions of PART 2: General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.13: "MG" Industrial General Zone:

- (a) The maximum allowable height for all buildings and structures shall be 30 feet (9.14m) (two stories) except for architectural components of permitted or conditionally approved public buildings and accessory telecommunication towers.
- (b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
 - (i) Minimum required site area shall be 2 acres (8,094 sq/m);
 - (ii) Minimum required site width shall be 200 feet (60.96m);
 - (iii) Minimum required side yard shall be 30 feet 9.14m).
- (c) More than one principal industrial building or industrial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than (1) purpose, all of the requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.
- (d) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (e) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (f) Where a side or rear yard abuts the boundary of another zone, the yard requirements shall be increased by 50 percent.
- (g) Buildings and structures shall have a minimum side and/or rear yard of 75 feet (22.86m) when the yard is adjacent to a Government Road Allowance under the jurisdiction of the municipality, with the exception of incidental accessory structures such as fences, signs, private wells, and sewage disposal systems.

- (h) Where it is necessary to place a building or structure adjacent to a railway for purposes of railway service (loading), then the minimum side or rear yard requirement for that building or structure shall be 0 feet.
- (i) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (j) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (k) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.18 The “ML” Industrial Light Zoning District – Purpose and Intent

The “ML” Industrial Light Zoning District is hereby established in this by-law and is intended to provide areas in the community of Souris for a variety of light manufacturing, processing, storage and transportation industries. The keeping of any livestock in the “ML” zone is prohibited.

3.18.1 “ML” - Industrial Light Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

iii) Accessory Dwelling Unit

One (1) attached or detached accessory dwelling unit and its associated accessory buildings may be developed as a permitted accessory use on the same parcel as the principal industrial use of the property that it serves. The accessory dwelling unit must in all cases satisfy all of the siting and setback requirements applicable to the principal use of the property and meet all other requirements of this by-law, the Manitoba Building Code and Manitoba Fire Code (where applicable). The minimum dwelling unit floor area for the accessory dwelling unit shall be 800 square feet (74.32 sq/m).

iv) Accessory Telecommunications Towers

An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens’ band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.14**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:					
¹ For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to PART 2: General Rules and Regulations Applicable in All Zoning Districts of this by-law.					
² Provisions of PART 2: General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.14: “ML” Industrial Light Zone:

- (a) The maximum allowable height for all buildings and structures shall be 30 feet (9.14m) (two stories) except for architectural components of permitted or conditionally approved buildings and accessory telecommunication towers.
- (b) More than one principal industrial building or industrial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than (1) purpose, all of the requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.
- (c) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (d) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (e) Where a side or rear yard abuts the boundary of another zone, the yard requirements shall be increased by 50 percent.
- (f) Buildings and structures shall have a minimum side and/or rear yard of 75 feet (22.86m) when the yard is adjacent to a Government Road Allowance under the jurisdiction of the municipality, with the exception of incidental accessory structures such as fences, signs, private wells, and sewage disposal systems.

- (g) Where it is necessary to place a building or structure adjacent to a railway for purposes of railway service (loading), then the minimum side or rear yard requirement for that building or structure shall be 0 feet.
- (h) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.
- (i) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (j) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

3.19 The “I” Institutional Zoning District – Purpose and Intent

The “I” Institutional Zone is hereby established in this by-law and is intended to provide areas in Souris for a variety of governmental, cultural, educational, religious, institutional, or recreational uses on relatively large parcels of land. The keeping of any livestock in the “I” zone is prohibited.

3.19.1 “I” Institutional Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- i) Accessory Signs as provided for in **PART 2** of this By-law.
- ii) Maintenance Buildings or Structures
Required for the operation or maintenance of any permitted or conditionally approved institutional use in the zone;
- iii) Off-street parking areas
As required and regulated in **PART 2** of this By-law;
- iv) Antennas
Including satellite dish antennas as regulated in **PART 2** of this By-law;

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

ACCESSORY USES, BUILDINGS, STRUCTURES					
Accessory uses, Buildings and Structures (See also PARTS 2 and 4 of this By-law)	-	-	(e)	3	2(f)
NOTES:					
¹ For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to PART 2: General Rules and Regulations Applicable in All Zoning Districts of this by-law.					
² Provisions of PART 2: General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.15: "I" Institutional Zone:

- (a) The maximum height of all buildings and structures shall be 30 feet (9.14m), with the exception of grain storage bins and features such as antennas, chimneys and church spires;
- (b) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (c) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.
- (d) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure

since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

- (e) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.
- (f) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 feet (3m) from a public lane.
- (g) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.
- (h) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
 - (i) Minimum required site area shall be 2 acres (8,094 sq/m);
 - (ii) Minimum required site width shall be 200 feet (60.96m);
 - (iii) Minimum required side yard shall be 30 feet (9.14m).
- (i) Where the side site line forms the boundary of another parcel of land, the minimum side yard shall be 10 feet (3m).

3.20 The “OR” Open Space / Recreation Zoning District – Purpose and Intent

Is hereby established in this by-law and is intended to provide areas Souris for the purpose of accommodating present and future community recreation facilities, to provide a buffer between incompatible land uses, and to preserve areas deemed to be unsuitable for development. The keeping of any livestock in the “OR” zone is prohibited.

3.20.1 “OR” Open Space / Recreation Zoning District Accessory Uses, Buildings and Structures

a) Permitted Accessory Uses, Buildings and Structures

- (a) Accessory buildings or structures
required for the operation or maintenance of any institutional, recreational or other use which is permitted or conditional in the zone;
- (b) Antennas, including satellite dish antennas
- (c) Walls, decks, patios, gazebos, statuary, flagpoles
and similar features

b) Conditional Accessory Uses, Buildings and Structures

Note: This area is a placeholder for future potential Conditional Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

c) Prohibited Accessory Uses Buildings and Structures

Note: This area is a placeholder for future potential Prohibited Accessory Uses, Buildings and Structures council may want to add here in the future by way of amendment.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

TABLE 3.16: USE & SITE REQUIREMENTS: "OR" OPEN SPACE / RECREATION ZONE	MINIMUM REQUIREMENTS (a) (b) (d) (g)				
	SITE SIZE		REQUIRED YARDS		
	AREA (square feet)	Width (feet)	Front Yard (feet)	Side Yard (feet)	Rear Yard (feet)

ACCESSORY USES, BUILDINGS, STRUCTURES					
Accessory uses, Buildings and Structures (See also PARTS 2 and 4 of this By-law)	-	-	(e)	3	2
NOTES:					
¹ For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to PART 2: General Rules and Regulations Applicable in All Zoning Districts of this by-law.					
² Provisions of PART 2: General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.					

Footnotes for Table 3.16: 'OR' Open Space / Recreation Zone:

- (a) (The maximum allowable height for all buildings and structures shall be 30 feet (9.14m) (two stories) except for architectural components of permitted or conditionally approved public buildings and telecommunication towers which are accessory to public buildings.
- (b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
- (i) Minimum required site area shall be two (2) acres (8,094 sq/m);
 - (ii) Minimum required site width shall be two hundred (200) feet (60.96m);
 - (iii) Minimum required side yard shall be thirty (30) feet (9.14m).
- (c) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not

apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

- (d) Under authority of the applicable provincial act, where any structure or development is proposed above or below ground within the controlled areas of the provincial highway system, permits must be obtained from provincial authorities having jurisdiction.
- (e) For all accessory buildings or structures, the required front shall be the same as the required front yard for the principal building or structure.
- (f) The owner shall maintain the minimum site area, site width, required yards and other requirements specified herein for any use. Furthermore, the minimum requirements allocated to a use as specified by this By-law shall not by virtue of change of ownership, or for any other reason, be used to satisfy the requirements for any other use.
- (g) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.
- (h) Where the side site line forms the boundary of another parcel of land, the minimum side yard shall be 10 feet (3m).

PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones

Regardless of whether a use is allowed as a **permitted use** or a **conditional use**, and regardless of the zoning district in which the use is located, the following standards for specific uses must be met, except as otherwise provided in this by-law or by a conditional use and/or variance order:

4.1 Hazardous Materials Storage

No commercial chemical warehouse, inland grain terminal, bulk fuel or fertilizer storage or anhydrous ammonia storage container shall be located within:

- (a) 350 feet (106.68m) of any public roadway
- (b) 1,000 feet (304.8m) of a building used for human occupation excepting the operator;
- (c) 2,640 feet (804.6m) of any of the following:
 - i) The limits of the former municipal boundaries of the community of **Souris**; or
 - ii) Any “**RR2**” or “**RR5**” - Rural Residential Zone; unless a reduced mutual separation distance is recommended by the provincial authority having jurisdiction and Council approves a variation.

4.2 Standards for Two-Unit Dwellings

In those zoning districts where a two-unit dwelling may be allowed, it shall have no required interior side yard between the two dwelling units where they share a common **party wall** which is located on the boundary between each dwelling unit that is located on their own zoning site.

4.3 Standards for Multi-Unit Dwellings

In those zoning districts where a multi-unit dwelling may be allowed, it shall:

- (a) only be located above the first storey of the building in the “**CC**” zone;
- (b) have no required interior side yard between the dwelling units where they share a common **party wall** which is located on the boundary between each dwelling unit that is located on their own zoning site.

4.4 Standards for Bed and Breakfast Operations

A bed and breakfast shall only be allowed on a site in a zoning district where allowed as a permitted or conditional accessory use if it meets all of the following requirements:

- (a) the operator must reside within the principal residence to which the bed and breakfast is an accessory use;
- (b) no more than [eight] patrons shall be accommodated within one dwelling;
- (c) no more than five bedrooms shall be used for the bed and breakfast operation
- (d) one additional on-site parking spot shall be provided for each bedroom that is used for the bed and breakfast operation;
- (e) signs shall follow the regulations for home-based businesses in the zone in which the bed and breakfast is located.

4.5 Standards for Home Based Business Activities

In the Municipality of Souris-Glenwood, a “home industry” and “home occupation” are two distinct types of home based business activities that are recognized as legitimate accessory uses in certain zoning districts. Each of these two distinct types of home based business activities shall be governed by the following rules:

a) **Home Industry**

May be allowed as a conditionally approved accessory use in the “RR2 – Rural Residential Zone and , “RR5” – Rural Estate Residential Zone and all agricultural zone(s) and shall be subject to the following additional rules:

- i) A home industry shall be principally conducted by the members of the dwelling residing in the dwelling located on the same site as the proposed home industry and any other persons employed or otherwise engaged in the home industry who do not reside in said dwelling may not exceed:
 - a) Two (2) employees in the “RR2” – Rural Residential Zone and “RR5” – Rural Estate Residential Zone.
 - b) Five (5) employees in the agricultural zones(s).
- ii) A home industry shall be prohibited in the “OR” Open Space Recreation Zone and “I” Institutional Zone;
- iii) A home industry shall not generate undue traffic or congestion, adversely affect the amenity and convenience of the neighbourhood, or create a nuisance.
- iv) A home industry shall not unduly interfere with the general enjoyment of adjacent properties.
- v) One business sign, either freestanding or affixed to the wall of the principal or accessory building in which the home industry is carried out shall be allowed and shall have a maximum sign surface area as follows:
 - a) In all agricultural zones – 32 square feet (2.97 sq/m)
 - b) In all other zones where home based business as allowed as permitted accessory uses – 16 square feet.
- vi) Where a home industry is proposed adjacent to a provincial trunk highway and will be utilizing an existing access onto the provincial trunk highway, the proponent will be responsible for obtaining a required change in access use permit (i.e. joint use permit) from the Provincial authority having jurisdiction.
- vii) It shall be the responsibility of the proponent proposing to establish or expand a home industry to investigate the need to obtain a **Development Permit** and/or **Building Permit** from the Development Officer prior to the commencement of the development.

b) **Home Occupation**

Shall be allowed as a permitted accessory use in the “RT”, “RS-U”, “RM”, “RMH” Zone(s), “RR2” Rural Residential, “RR5” Rural Estate Residential Zone(s) and all agricultural zone(s) and will be subject to the following additional rules:

- i) A home occupation shall be principally conducted by the members of the dwelling residing in the dwelling located on the same site as the proposed home occupation and

any other persons employed or otherwise engaged in the home occupation who do not reside in said dwelling may not exceed:

- a) Two (2) employees in the “RT”, “RS-U”, “RM”, “RMH” Zone(s), “RR2” Rural Residential, “RR5” Rural Estate Residential Zone(s) and five (5) employees in all agricultural zone(s).
- ii) A home occupation shall be prohibited in the “OR” Open Space Recreation Zone and “I” Institutional Zone;
- iii) A home occupation shall not by reason of emission of odor, dust, smoke, noise, gas, fumes, cinders, light, vibration, refuse matter or water carried wastes become offensive or obnoxious or create a nuisance at or beyond any site line;
- iv) There shall be no exterior display, no exterior storage of materials, and no other exterior indication of the home occupation or variation of the residential character of the principal or accessory building except as otherwise provided for herein;
- v) A home occupation shall not cause the generation of undue traffic and congestion in the neighborhood;
- vi) A home occupation shall be carried on entirely within the dwelling unit or within an accessory building located on the same site as the principal building to which it is accessory;
- vii) Not more than 500 square feet (46.45 sq/m) of floor area shall be devoted to a home occupation in any dwelling unit or its accessory buildings located on the same site as the principal building thereto, or forty percent (40%) of the total floor area of the dwelling, whichever is the lesser;
 - (a) Notwithstanding the maximum floor area limitations outlined in clause (vii) above, in the case of a home occupation involving the establishment or expansion of a bed and breakfast or boarding or lodging use or building, a maximum of four (4) suites per site shall be allowed;
- viii) One business sign, either freestanding or affixed to the wall of the principal or accessory building in which the home occupation is carried out shall be allowed and shall have a maximum sign surface area as follows:
 - a) In all agricultural zones – 32 square feet (2.97 sq/m)
 - b) In all other zones where home based business as allowed as permitted accessory uses – 16 square feet.
- ix) Where a home occupation is proposed adjacent to a provincial trunk highway and will be utilizing an existing access onto the provincial trunk highway, the proponent will be responsible for obtaining a required change in access use permit (i.e. joint use permit) from the Provincial authority having jurisdiction.
- x) It shall be the responsibility of the proponent proposing to establish or expand a home occupation to investigate the need to obtain a **Development Permit** and/or **Building Permit** from the Development Officer prior to the commencement of the development.

4.6 Standards for Keeping Small Amounts of Livestock for Personal Use (Excluding Livestock Operations)

Where small amounts of non-commercial livestock are kept for personal use and enjoyment, sheltered, bred and raised on small farm and non-farm residential parcels, all of the following requirements must be met in all cases. The maximum amount of non-commercial livestock kept for personal use and enjoyment on a farm or non-farm residential parcel **shall not exceed 9 animal units (AU)**, cumulative across species or as may be further regulated in selected zoning districts in this By-law; and

- (a) a maximum of one animal unit (cumulative across species) may be allowed for every 2 acres (8,094 sq/m) of site area;
- (b) the keeping of livestock must adhere to all other local, provincial and federal health and agriculture regulations in addition to the standards in this by-law;
- (c) any ground-level structure intended for the keeping of animals must maintain a minimum setback 15 feet (4.57m) from any site line;
- (d) animal feed must be properly stored in enclosed vessels, and areas or enclosures intended for the keeping of animals must be properly cleaned and maintained to prevent odours from spreading onto abutting properties.
- (e) All manure storage facilities on the site shall not be located in the front yard and shall be setback a minimum of 75 feet (22.86m) from all other property lines of the parcel on which it is located

4.7 Standards for Campgrounds and RV Parks

In those zoning districts where a campground or recreational vehicle (RV) park may be developed, it must meet the following standards:

- (a) more than one camping space or recreational vehicle (RV) space shall be allowed on a zoning site in a campground RV park;
- (b) a campground or RV park must provide an all-weather roadway that serves all sites with a driving surface a minimum of 20 feet (6.1m) wide;
- (c) a campground or RV park must provide storage of refuse in a sanitary manner at locations not more than 500 feet (150m) from all camping spaces and recreation vehicle (RV) spaces in the campground and/or RV park.;
- (d) a campground or RV park must provide clear numbered identification of each camping/RV space;
- (e) a campground or RV park must provide a centrally located recreation area equivalent to a minimum area of 215 square feet (20 sq/m) per camping/RV space .

4.8 Standards for Mobile Homes and Mobile Home Parks

- (a) All mobile homes which are moved into the Municipality of Souris-Glenwood shall conform to all applicable **C.S.A. Standards** and shall be sufficiently anchored to an approved concrete foundation, with the undercarriage fully concealed by skirting which is either prefinished or painted to complement the mobile home.

- (b) A mobile home park shall be approved by Council, in accordance with the provisions of this by-law, and shall be subject to the following requirements:
 - (i) The proposed layout of the mobile home park shall be approved by Council with respect to matters including the size and arrangement of mobile home spaces and roadways, sewer and water services, and drainage;
 - (ii) All internal roadways which provide a principal means of access to mobile homes shall be at least 60 feet (18.3m) in width; and
 - (iii) All mobile home spaces shall be deemed to be mobile home sites, and shall be developed in accordance with the appropriate zoning requirements.

4.9 Standards for Livestock Operations – General Provisions

The provisions of this section of **PART 4** of this By-law shall apply to the establishment or expansion of livestock operations throughout all agricultural zones in the Municipality.

- 4.9.1 All newly siting or expanding livestock operations being proposed in Municipality of Souris-Glenwood, that are **300 animal units (AU) or greater** in size (cumulative across species) shall, regardless of their location, be subject to the conditional use approval process as detailed in the *Planning Act*.
- 4.9.2 In addition to any other information required to be submitted when applying for a development permit, an application to establish a livestock production operation as a conditional use shall be accompanied by a site plan showing the following information:
 - (a) The size and location of all livestock confinement facilities and manure storage facilities,
 - (b) Distances to property boundaries from these facilities,
 - (c) Existing and proposed drainage features in the vicinity of these facilities, and
 - (d) The type and number of livestock to be confined, the typical time period each year of the livestock confinement in the livestock confinement facility, and estimated distances to the nearest dwellings to the facility.
- 4.9.3 All existing lawfully established livestock operations which due to its size and/or location, would be considered a conditional use in the zone in which it is located, are deemed to be a legal **conditionally approved use**, and may be replaced if they are removed or destroyed, subject to the issuance of a Development Permit. Where such existing operations are proposed to be enlarged or expanded, the enlargement or expansion shall be subject to the conditional use process as specified elsewhere in this By-law. If a **conditional use permit** and any required **variations** are approved by Council, the proponent will be required to obtain a **Development Permit** from the Municipality of Souris-Glenwood prior to the commencement of construction.
- 4.9.4 A **conditional use order** or **variation** of a requirement for siting and development of a livestock operation or for a farm or non-farm site or a designated area, approved under any previous zoning by-law will continue to be in full force and effect.
- 4.9.5 All existing livestock operations (including feedlots, animal housing and/or manure storage facilities), single residences (not associated with a livestock operation) and designated areas that do not meet the 1) **TABLE 4.2: MINIMUM SETBACK DISTANCES FROM PROPERTY LINES** requirements and/or 2) **TABLE 4.3: MINIMUM SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS** as set forth in **PART 4** of this By-

law, shall be deemed to possess a **variation order** for their current setback and separation distances as they existed on the date of adoption of this By-law.

- 4.9.6 Requirements for measuring the minimum mutual separation distances for siting livestock operations as provided for in **Table 4.3 of PART 4** of this By-law, shall be measured from the closest point of the feedlot, animal housing or manure storage facility (whichever is closer) to the adjacent single residence and/or designated area, as circumstances so require.
- 4.9.7 All newly siting or expanding livestock operations shall have access to (either by direct ownership or lease) and use of sufficient lands to accept the application of all of the livestock manure generated by the operation in a sustainable manner on an annual basis in accordance with the provisions of **the Livestock, Manure & Mortalities Management Regulation 42/98**, as amended and the **Nutrient Management Regulation 62/2008**, as amended.
- 4.9.8 All newly siting or expanding livestock operations that are **300 animal units or more** in size (not cumulative across species) are required to file an annual manure management plan with the provincial authority having jurisdiction and may be required to provide a copy of the plan to the Municipality at the request of Council.
- 4.9.9 All newly siting or expanding livestock operations (including a feedlot, animal housing and/or manure storage facilities) should not be located in a natural hazard area subject to flooding in a one in 200 year flood, inadequate drainage, erosion or a recurring high water table as determined by the provincial authority having jurisdiction and all such facilities must be designed in accordance with the requirements of the **Livestock Manure & Mortalities Management Regulation 42/98**, as amended.
- 4.9.10 All newly siting or expanding livestock operations should not be located on soils determined by detailed soil survey acceptable to the Province, with a scale of 1:50,000 or better, to have an agricultural capability of Class 6 or 7, or unimproved organic soils as described under the Canada Land Inventory. If detailed soil survey information is not available for the area where a newly siting or expanding livestock operation is being proposed, the applicant may be required to provide a detailed soils survey for the site at a scale of 1:50,000 or better. Where a proponent is required to provide this detained soils information, it may be possible to demonstrate that the soils are not Class 6, 7 or unimproved organic soils and may be able to support a livestock operation.
- 4.9.11 All newly siting or expanding livestock operations that are **300 animal units or more in size** (cumulative across species) will be subject to a provincial technical review report which will be completed and provided to Council in accordance with the requirements of the *Planning Act*, as may be amended from time to time.
- 4.9.12 For the purposes of determining the size of a given livestock operation, the system of “animal units” as adopted by regulation by the Province of Manitoba shall be used. The conversion factors for animal units (AU’s) are provided for general reference in **TABLE 4.1: ANIMAL UNIT CONVERSION FACTORS** of this **PART** (below), and may be altered from time to time by provincial authorities having jurisdiction, without requiring an amendment to this By-law.
- 4.10 Standards for Livestock Operation Development in the “AG” Agricultural General, “AL” Agricultural Limited and “AR” Agricultural Restricted Zone(s)**
- 4.11.1 In addition to satisfying the requirements of **PART 4, Section 4.9** of this by-law which identifies general requirements applicable to newly siting or expanding livestock operations in all agricultural zones in Municipality of Souris-Glenwood, the following additional requirements shall apply to newly siting or expanding livestock operations located in areas which are zoned **“AG” Agricultural General Zone, “AL” Agricultural Limited and/or “AR” Agricultural Restricted Zone as identified on MAPS 1 , 2 and 3 of SCHEDULE “A”** of this By-law.

- 4.11.2 Any proposal to establish or expand a livestock operation or part thereof including a feedlot, animal housing facility or manure storage facility with a capacity of **10 to 299 Animal Units** (cumulative across species) in the **“AG” Zone**, or with a capacity of **10 to 99 Animal Units** (cumulative across species) in the **“AL” Zone** shall be allowed as a permitted use providing it is developed in conformance with the requirements of the Planning Act and all of the other provisions of this By-law.
- 4.11.3 Any proposal to establish or expand a livestock operation or part thereof (including a feedlot, animal housing facility or manure storage facility) with a capacity **300 Animal Units to a maximum of 5,000 Animal Units** (cumulative across species) in the **“AG” Zone**, or with a capacity of **100 Animal Units to a maximum of 300 Animal Units (cumulative across species) in the “AL” Zone** shall be deemed to be a **conditional use** and shall be developed in accordance with requirements of *The Planning Act* and all other provisions of this by-law including the provisions of **PART 5 of this By-law** which in part deals with applications for **Development Permits, Conditional Uses and Variances**.
- 4.11.4 Within the **“AR” Agricultural Restricted Zone** the maximum livestock operation that may be developed as a permitted use is 10 animal units (cumulative across species). Newly siting or expanding Livestock operations greater than 10 animal units (cumulative across species) are prohibited in the **“AR” Zone**.
- 4.11.5 In the **“AG” Agricultural General Zone** proposals to establish or enlarge any livestock production operation of **300 Animal Units or more** shall be subject to the following conditions of approval:
- a) Provision of a suitable cover on any earthen manure storage facility; and
 - b) Provision of a double row shelterbelt of deciduous trees within the first year after completion of construction of the facility.
- 4.11.6 No newly siting or expanding livestock operation or part thereof (including a feedlot, animal housing or manure storage facility) shall be established or expanded within a distance of 330 feet of the ordinary high water mark of any surface watercourse, sinkhole, spring or well.
- 4.11.7 No new livestock production operation or livestock confinement facility for **10 animal units or more** shall be established within a distance of 1,000 feet of the ordinary high water mark of the Souris River.
- 4.11.8 Any existing livestock production operation currently located within a distance of 1,000 feet of the ordinary high water mark of the Souris River may be expanded as a **permitted use up to a capacity and/or occupancy of 100 Animal Units**, and may be considered for approval as a **conditional use where the proposed capacity and/or occupancy is between 101 and 300 Animal Units**, provided that a minimum separation distance of 330 feet (100.58m) from the river is maintained.
- 4.11.9 The minimum setback distances identified in **TABLE 4.2 of this PART** (below) shall apply to the establishment or expansion of any livestock operation or part thereof (including a feedlot, animal housing or manure storage facility) in relation to the property lines of a given livestock operation, and no variation of these required setbacks may be considered by Council unless prior approval has been obtained from the appropriate provincial authority having jurisdiction.
- 4.11.10 Within the **“AG” Agricultural General Zone, “AL” Agriculture Limited Zone and “AR” Agricultural Restricted Zone(s)**, the maximum amount of non-commercial livestock kept for personal use and enjoyment that may be kept on a single-lot non-farm rural residential parcel shall be a maximum of one animal unit per acre of site area **to a maximum of 9 animal units** (cumulative across species).

4.11.11 The requirements of **TABLE 4-3: MINIMUM MUTUAL SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS of this PART** (below) have been developed in accordance with and are generally consistent with the policies of the Souris-Glenwood Planning District Development Plan but may be varied by Council on a case by case basis.

- i) The requirements of **TABLE 4-3: MINIMUM MUTUAL SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS** of this **PART** shall apply to the establishment or expansion of any livestock operation or part thereof in the **“AG” Agricultural General Zone, “AL” Agricultural Limited Zone and “AR” Agricultural Restricted Zone** and shall mutually apply to the establishment or expansion of the community of **Souris** or any designated rural residential area, and to any newly siting farm or non-farm residence in the **“AG” Agricultural-General Zone, “AL” Agricultural Limited Zone, or “AR” Agricultural Restricted Zone** in the municipality, excluding residence(s) located on the same site and associated with a given livestock operation.
- ii) Any requirement for a setback or separation distance as provided for in **this PART** shall be measured from the closest point of a livestock confinement facility or manure storage facility to a residence or community boundary, or ordinary high water mark, as the case may be.

TABLE 4.1: ANIMAL UNIT CONVERSION FACTORS

Animal	Type	A.U. Produced by One Livestock	Livestock Producing One A.U.
Dairy	Milking Cows, including associated livestock	2.000	0.5
Beef	Beef Cows, including associated livestock	1.250	0.8
	Backgrounder	0.500	2
	Summer pasture/replacement heifers	0.625	1.6
	Feeder cattle	0.769	1.3
Hogs	Sows, farrow to finish	1.250	0.8
	Sows, farrow to weanling	0.250	4.0
	Sows, farrow to nursery	0.313	3.2
	Weanlings	0.033	30
	Growers/finishers	0.143	7
	Boars (artificial insemination operations)	0.200	5
Chickens	Broilers	0.0050	200
	Roasters	0.0100	100
	Layers	0.0083	120
	Pullets	0.0033	300
	Broiler Breeder Pullets	0.0033	300
	Broiler Breeder Hens	0.0100	100
Turkeys	Broilers	0.010	100
	Heavy Toms	0.020	50
	Heavy Hens	0.010	100
Horses	Mares, including associated livestock	1.333	0.75
Sheep	Ewes, including associated livestock	0.200	5
	Feeder Lambs	0.063	16
The calculation of animal units for a species of livestock not mentioned in this Table is to be determined by officials at Manitoba Agriculture.			
Note: To calculate the number of animal units (AU) of a particular species, multiply the AU produced by one livestock by the number of animals. For example, for 200 animal beef cows including associated livestock equals $1.25 \times 200 = 250$ AUs.			

TABLE 4.2: MINIMUM SETBACK DISTANCES FROM PROPERTY LINES

Type of Livestock Facility	Minimum Setback Distance from any Property Boundary in Meters (Feet)
Manure Storage Facilities	100 (328)
Animal Confinement Facilities	50 (164)

NOTE: Where a parcel of land containing a livestock operation is being subdivided, all newly created parcels shall be of such a size and configuration so as to maintain a minimum 328 feet (100m) separation between any existing or proposed livestock confinement areas and manure storage facilities and all newly created property lines.

TABLE 4.3: MINIMUM MUTUAL SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS

Size of Livestock Operation in Animal Units (AU)	Separation Distance in Meters (Feet) From a "Single Residence" (*)				Separation Distance in Meters (Feet) From a "Designated Area" (**)			
	To a Feedlot and/or an Earthen Manure Storage Facility		To an Animal Confinement Facility and/or Non-Earthen Manure Storage Facility		To a Feedlot and/or an Earthen Manure Storage Facility		To an Animal Confinement Facility and/or Non-Earthen Manure Storage Facility	
10-100	400	(1,312)	200	(656)	1200	(3,938)	795	(2,609)
101-200	600	(1,968)	300	(984)	1800	(5,906)	1200	(3,938)
201-300	800	(2,624)	400	(1,312)	2400	(7,874)	1605	(5,267)
301-400	900	(2,952)	450	(1,476)	2700	(8,859)	1800	(5,906)
401-800	1000	(3,280)	500	(1,640)	3000	(9,842)	1995	(6,546)
801-1,600	1200	(3,936)	600	(1,968)	3600	(11,811)	2400	(7,874)
1,601-3,200	1400	(4,594)	700	(2,296)	4200	(13,779)	2805	(9,203)
3,201-5,000	1600	(5,250)	800	(2,624)	4800	(15,749)	3195	(10,482)
5001 and greater in size	PROHIBITED							

NOTE:

(*) A "Single Residence" does not include the residence of the owner and/or operator when the dwelling(s) are located on the same parcel as the livestock operation.

(**) A "Designated Area" means the following:

- i) Any area of the the community of Souris designated as "Residential", "Commercial", "Industrial", "Institutional", or "Open Space / Recreational" in the Souris-Glenwood Planning District Development Plan,
- ii) Any area in the Municipality designated as a "Rural Residential" in the development plan in effect.

PART 5: Administration and Enforcement

This by-law shall be administered in accordance with the provisions of *The Planning Act* and this **PART**.

5.1 Administration and Enforcement

In the administration and enforcement of this by-law, staff from the Municipality shall have all of the powers of inspection, remedy and enforcement provided under **PART 12** of *The Planning Act*.

5.2 The Development Officer / Building Official Position and Authority

The position of the Development Officer / Building Official is hereby established. The person(s) appointed as Development Officer / Building Official by Council shall be a designated officer for the administration and enforcement of this by-law as provided for under *The Planning Act*.

5.3 Role and Responsibilities of the Development Officer / Building Official

The Development Officer / Building Official shall have the authority to:

- a) issue Development Permits and Building Permits (where required) and exercise the powers of administration, inspection, remedy and enforcement as provided for under authority of *The Planning Act*.
- b) refuse to issue a Development Permit and where required, a Building Permit where:
 - i) the required Permit application(s), or any information accompanying said Permit application(s), is incorrect or incomplete;
 - ii) the proposed building, structure or use does not, to the development officer's knowledge, comply with this zoning bylaw, the municipality's building by-law or with any other applicable federal and/or provincial law and/or regulation;
- c) revoke a Development Permit and/or Building Permit where the Permit(s) were issued in error.
- d) make a minor variance order, without the need for a public hearing, for any proposed change that varies:
 - i) any height, distance, area, size or intensity of use requirement in the zoning by-law by no more than 15 per cent;
 - ii) the number of parking spaces required by the zoning bylaw by no more than 15 per cent.

5.4 When Development Permits Are Required

1. In the case of proposed development that involves the construction or expansion of a **public or semi-public water supply** system, the proponent shall be required to contact the Office of Drinking Water for information concerning licensing and approvals that must be obtained prior to the commencement of construction.
2. Before developing a **self-supplied water source (e.g. a well)**, the proponent shall be required to contact Manitoba Conservation and Water Stewardship's Water Use Licensing Section for information concerning licensing, permits or approvals that may be necessary prior to the commencement of construction.

3. Subject to **Section 5.5 of this PART** (below), the repair, rehabilitation, renovation, construction, erection, removal or relocation, enlargement, addition, extension, conversion, improvement or structural alteration or placing of a building or structure or any part thereof (including mechanical systems) and/or replacement of building components and underpinnings or excavation of land for the purpose of erecting a building or structure requires a **Development Permit** and **Building Permit** (where required) including those activities set out below, except as otherwise provided for in this by-law:
- a) the erection, construction, enlargement, structural alteration or placing of a building or structure, either permanent or temporary;
 - b) the establishment of a use of land or a building or structure;
 - c) the change of a use of land or a building or structure from the existing use to a use which is not a permitted use;
 - d) the alteration or enlargement of an approved conditional use except where specifically exempt elsewhere in this by-law.

5.5 When Development Permits Are Not Required

1. A **Development Permit** is not required for the following:
- a) agricultural cropping of land;
 - b) incidental non-structural alterations;
 - c) patching, painting or decorating;
 - d) replacement of stucco, siding or shingles with the same material;
 - e) replacement of doors or windows when the opening is not altered;
 - f) replacement of open landings and stairs up to 50 sq/ft (4.64 sq/m) in size and not exceeding 24 inches (61cm) in height above finished grade;
 - g) open patios less than 8 inches (20cm) above finished grade;
 - h) installation of cabinets and shelves;
 - i) a detached accessory storage building not exceeding 108 square feet (10 sq/m) in floor area;
 - j) garden houses tool sheds and children’s playhouses not exceeding 108 square feet (10 sq/m) in floor area;
 - k) non-structural alterations or repairs to buildings or structures where the value of the work is less than five thousand dollars (\$5,000.00);
 - l) replacement of or minor changes to the capacity of pipes, ducts or conduits;
 - m) the maintenance or restoration of building components, including re-painting and similar operations;

- n) the installation of sidewalks, exterior steps, trees, hedges, shrubs, planters, fountains, flag poles, trellises, lighting and similar landscaping features that are developed in accordance with the provisions of this by-law;
 - o) private communications aerials and antennas;
 - p) private sewage disposal systems;
 - q) the erection of certain accessory signs as provided for in **PART 2** of this By-law.
2. Despite not requiring a **Development Permit**, all items in this section shall be subject to all other requirements of this by-law and all other applicable by-laws of the Municipality.

5.6 Other Required Permits

The issuance of a **Development Permit** in respect of the development of building, structure or use does not affect the obligation of the development proponent to obtain a **Building Permit** (where required) or any other permit or approval where required under the municipal building by-law or other municipal by-law, applicable federal and provincial law(s) and/or regulations, for such a building, structure or use.

5.7 Applications for a Development Permit

An application for a **Development Permit** shall:

- a) be made by the owner or owners of the parcel in question, or by a person authorized in writing by them;
- b) be accompanied by plans drawn to scale showing the following:
 - i) the shape and dimensions of the parcel to be used or built on;
 - ii) the location (relative to property lines) and dimensions of existing buildings and structures;
 - iii) the location (relative to property lines) and dimensions of any proposed building, structure, enlargement or alteration;
 - iv) the number of existing and proposed dwelling units being proposed (where applicable);
 - v) the use or uses of each existing and proposed building and structure, user of the land, and the area to be occupied by each use;
 - vi) location of existing and/or proposed vehicular access, utility connections, parking areas, loading areas, and signage (where applicable);
 - vii) the type and location of all existing and/or proposed water supply systems and wastewater management systems and their distances from property lines and existing and proposed habitable buildings.
 - viii) any other information as may be required by the Development Officer/Building Official to determine compliance with, and to provide for enforcement of, this by-law including but not limited to Certificate(s) of Title and instruments registered thereon including easement agreements and caveats, a surveyor's Certificate and/or Building Location Certificate prepared by a Manitoba Land Surveyor;
 - ix) an application for approval of a development permit or variation (where required) for a newly siting or expanding livestock operation (including a feedlot, animal housing or manure storage facility) shall be accompanied by a site plan showing the following information:

- a) the size and location of all existing and proposed feedlots animal housing and manure storage facilities (including information regarding the maximum number of animals of each species forming part of the existing and/or newly siting or expanding livestock operation); and
- b) distances to property boundaries from those facilities identified in i) (above); and
- c) existing and proposed drainage features in the vicinity of these facilities including any manure runoff collection basins; and
- d) the proposed water supply system for the operation, and the location of any nearby drinking water sources or infrastructure, such as wells, reservoirs and rural pipelines; and
- e) in the case of a conditionally approved livestock operation, a copy of the approved conditional use order (including a copy of the proponent's completed and finalized Provincial Site Assessment Form and Technical Review Report).
- f) written information concerning any proposed fencing, landscaping, shelterbelts, measures to reduce odours and off site use and maintenance of roads (haul routes).
- x) shall be accompanied by the fee(s) prescribed by the Municipality.
- xi) No person shall use or occupy any land, building or structure, or erect, construct, enlarge, alter or place any building or structure, except in accordance with an approved Development Permit and Building Permit (where required), and with this by-law.

5.8 Applications for a Building Permit

- a) Shall be made by the owner(s) of the parcel in question, or by a person authorized in writing by them
- b) Shall be accompanied by plans and specifications as prescribed in the member municipality's building by-law and as prescribed in the **Manitoba Building Code**.
- c) Any other information as required by the **Building Official** having jurisdiction.

5.9 Entry for Inspection and Other Purposes

- a) The Development Officer / Building Official may, after giving reasonable notice to the owner or occupier of land or a building or other structure to be entered, and displaying or producing on request identification showing his or her official capacity:
 - i) enter the land, building or structure at any reasonable time for the purpose of inspection, enforcement and or action authorized by this by-law;
 - ii) request that anything be produced to assist in inspection, remedy, enforcement or authorized action; and
 - iii) make copies of anything related to the inspection, remedy, enforcement or authorized action.
- b) In an emergency or in extraordinary circumstances, the **Development Officer / Building Official** need not give reasonable notice or enter at a reasonable time and may do the things referred to herein without the consent of the owner or occupant.

5.10 Order to Remedy Contravention

- a) If the **Development Officer / Building Official** finds that a person is contravening this by-law or *The Planning Act*, the development officer may by written order require the person responsible for the contravention to remedy it if, in the opinion of the development officer, the circumstances so require.
- b) The order may:
 - i) direct a person to stop, or alter activities as applicable;
 - ii) direct a person to take any action necessary to remedy the contravention, including the removal or demolition of a building or structure that has been constructed, erected or placed in contravention, and if necessary, take appropriate steps to prevent a recurrence of the contravention;
 - iii) state a time within which the person must comply with the directions; and
 - iv) state that if the person does not comply with the stated directions, the municipality will take the action or measure at the expense of the person.

5.11 Review by Council (Appeal of Council Orders)

- a) A person who receives an order under **section 5.10 of this PART** may request Council to review the order, by written notice given within **14 days** after the date the order is received.
- b) After giving the person a reasonable opportunity to be heard, Council may confirm, vary, substitute or cancel the order or decision.

5.12 Application for Zoning By-law Amendments, Variances and Conditional Uses

An application for a variance, or conditional use, or an amendment to this by-law must be made in writing to the **Development Officer** by the owner or owners of the land in question, or by a person authorized in writing by them in the proper form and must be accompanied by the fee prescribed by Council. The application must also be accompanied by:

- a) plans drawn to scale showing the shape and dimensions of the affected property;
- b) plans drawn to scale showing the location (relative to property lines) and dimensions of existing buildings and structures;
- c) plans drawn to scale showing the location (relative to property lines) and dimensions of the proposed building, structure, enlargement or alteration;
- d) a description of the use or uses of each existing and proposed building or structure, or of the land and the area to be occupied by each use;
- e) a description of the reason why the variance, conditional use, or amendment to this by-law is being requested;
- f) any other information required by the Development Officer / Building Official to determine compliance with, and to provide for enforcement of, this by-law.

5.13 Development Agreements

- i) In accordance with **Section 150 of The Planning Act**, where an application is made for a **variance order, conditional use** or an **amendment of this zoning by-law**, Council may require the owner or the person entitled to be registered as owner of the land, building, or structure to which the

amendment will apply, as a condition of its enactment, to enter into a development agreement with the Municipality in respect of that land as well as contiguous land owned or leased by the applicant.

- ii) Where an application is made for the subdivision of land, Council may require the owner or the person entitled to be registered as owner of the land to enter into a development agreement with Municipality of Souris-Glenwood, in accordance with **Section 135 of *The Planning Act***.
- iii) A Development Agreement may contain provisions with respect to the responsibilities for the provision of various services and other improvements, such as water and sewer piping, lot grading and drainage, street construction, and other matters as provided for in ***The Planning Act***.

PART 6: Definitions

6.1 Definitions in *The Planning Act*

Terms not defined in this bylaw which are defined in *The Planning Act* have the meaning provided in that Act as follows:

Building includes a well, pipe line, conduit, cut, excavation, fill, transmission line and any structure or erection, and any part of any of those things, and also includes an addition to or extension of any building or any of those things and a chattel that is attached to, or installed in or on, any building or any of those things.

Conditional Use means a use of land or a building that may be permitted under a zoning by-law.

Construction includes:

- (a) excavating, removing, filling and backfilling for the purpose of preparing or maintaining a site in respect of a building or a proposed building;
- (b) erecting, extending, enlarging, placing, removing, locating and demolishing a building;
- (c) altering, renovating and reconstructing a building;
- (d) moving a building from one site to another; and
- (e) underpinning the foundation of a building.

Development means

- (a) the construction of a building on, over or under land;
- (b) a change in the use or intensity of use of a building or land;
- (c) the removal of soil or vegetation from land; and
- (d) the deposit or stockpiling of soil or material on land and the excavation of land.

Livestock Operation means a permanent or semi-permanent facility or non-grazing area where at least 10 animal units of livestock are kept or raised either indoors or outdoors, and includes all associated manure collection facilities, but does not include an auction mart.

Owner, in relation to property, means a person who is the owner of a freehold estate in the property, and includes:

- (a) a person who is an owner with another person as joint tenant or tenant in common of a freehold estate;
- (b) a person who is the registered owner of a unit under *The Condominium Act*; and
- (c) a real owner, as defined in subsection 1(1) of *The Municipal Assessment Act*.

Parcel of Land means the aggregate of all land described in any manner in a Certificate of Title.

Property means land and improvements on land, and includes:

- (a) an interest in land or an improvement on land; and
- (b) air, surface and subsurface rights and interests in respect of land.

Sensitive Land" includes

- (a) land that is susceptible to flooding, permafrost, erosion or that has unstable slopes or poor drainage;
- (b) areas of special significance for animal, bird or plant life, including wetlands, forests and nesting areas; and,
- (c) land on which any development is likely to harm ecological diversity.

Subdivision means the division of land by an instrument, including

- (a) a plan of subdivision, conveyance, deed, mortgage or grant; or
- (b) an agreement granting or extending a use of or right in land, directly or indirectly or by an entitlement to renewal, for a period of 21 years or more; but not including a lease respecting only floor space in a building.

6.2 Definitions in this By-law

Where the following terms appear in this bylaw, they have the meaning provided as follows:

Accessory means a use, building or structure that is naturally and normally incidental, subordinate in purpose or area, or both, and exclusively devoted to the principal use, building or structure to which it is accessory, but a use shown as a conditional use in the Use and Siting Tables cannot be accessory to a use shown as a permitted use for the same zoning designation.

Accessory Shipping Container means a pre-fabricated structure which is designed for the shipping of goods via land, sea, rail or road and may include trailer bodies or other similar structures (including motor vehicle bodies) which have the wheels removed. An accessory shipping container shall naturally and normally be incidental, subordinate in purpose or area, or both, and shall be located on the same site as the principal use, building or structure to which it is accessory.

Accessory Tent-like Structure means a pre-manufactured or constructed structure or building that consists of a main frame covered by a canvas type material. An accessory tent-like structure shall naturally and normally be incidental, subordinate in purpose or area, or both, and shall be located on the same site as the principal use to which it is accessory.

Agro-Industrial Business means an establishment that provides goods or services to the agricultural sector, including (but not limited to) anhydrous ammonia sales, fertilizer sales and service establishments, farm equipment and machinery repair shops, feed operations, livestock auction marts, and commercial seed cleaning plants.

Alterations, Incidental means changes or replacements in the non-structural parts of a building or structure, including, but not limited to the following:

- (i) An addition, alteration, removal, reconstruction or replacement on the non-structural exterior of a residential building
- (ii) An addition, alteration, removal, reconstruction or replacement of any unroofed driveway, sidewalk, patio or any accessory building floor
- (iii) Alteration of non-load bearing interior partitions in all types of buildings
- (iv) Replacement of, or changes in, the capacity of utility pipes, ducts or conduits

- (v) Replacement and placement of necessary roofing materials, awnings, eaves, overhangs and related structures, provided the area and height of the roof are not increased
- (vi) The addition and replacement of interior structures such as furnaces, fuel tanks, water heaters, fireplaces or wood stoves
- (vii) Replacement of exterior building facades

Alterations, Structural means any change, which prolongs the life of the supporting members of a building or structure, which includes, but is not limited to, bearing walls, columns, beams or girders.

Animal Confinement Facility means a barn or an outdoor area where livestock are confined by fences or other structures, and includes a seasonal feeding area but does not include a feedlot or grazing area.

Animal Keeping means a use where livestock or other animals (excluding pets) less than 10 *animal units* (cumulative across species) are sheltered, bred, raised, or sold. This includes, but is not limited to, stables and kennels.

Animal Unit means the number of animals of a particular category of livestock that will excrete 73 kilograms of total nitrogen in a 12 month period as defined in the Provincial Planning Regulation - **Manitoba Reg. 81/2011**, as amended.

Bed and Breakfast Operation means accommodation for transient lodgers in individual rooms or apartments.

Building has the meaning provided in *The Planning Act*, except that it does not include a well, pipeline, excavation, cut, fill, or transmission line.

Business and Personal Services establishments: means the occupancy or use of a building or part thereof for the transaction of business or the rendering or receiving of professional or personal services.

Cannabis and Related Terms

Cannabis means cannabis as defined in the Cannabis Act (Canada).

Manufacturing, Indoor provincially licensed cannabis cultivation, processing and packaging facilities and their related activities refers to a land use undertaken by person(s) and/or a corporate entity who holds a cannabis distributor licence issued under the Liquor, Gaming and Cannabis Control Act (Manitoba).

Cannabis Retail Establishment means the premises specified in a retail cannabis licence where the retail sale of cannabis is authorized.

Retail Cannabis Licence means a licence issued under the Liquor, Gaming and Cannabis Control Act (Manitoba).

Cannabis concentrate means the hashish, cannabinoids, or any alkaloid, salt, derivative, preparation, compound, or mixture, whether natural or synthesized, of cannabinoids.

Cannabis-infused product means a product infused with cannabis that is intended for use or consumption other than by smoking, including but not limited to, edible product, ointments and tinctures.

Cannabis Cultivation means the large-scale growing of cannabis plants and harvesting material from those plants, as well as associated activities including development of nursery stock (seed and seedlings).

Industrial Hemp means the growing of industrial hemp plants (those containing 0.3 per cent THC or less) and associated activities.

Cannabis Processing means the large-scale manufacturing, packaging and labelling of cannabis products destined for sale to consumers, and the intra-industry sale of these products, including to provincially/territorially authorized distributors, as well as associated activities.

Club refers to a building owned or leased by a non-profit corporation or association, the use of which is restricted to members and their guests.

Council means the Council of the Municipality of Souris-Glenwood.

Crematorium means a facility containing a certified furnace or similar device intended for use in the incineration of human or animal corpses.

Daycare means the use of premises for the care during the day for more than 8 children not residing on the premises. (See MB Reg. 62/86 Definition, full time child-care centre)

Development Officer means a person appointed by the Municipality of Souris-Glenwood Council who is responsible for those duties as provided for herein.

Drive-Through Facility means a facility designed to provide goods or services to the persons in standing (as opposed to parked) motor vehicles, including but not limited to a drive-through restaurant or bank.

Dwelling means a building designed for residential occupancy in accordance with the provisions of the Manitoba Buildings and Mobile Homes Act and includes the following:

- (a) **dwelling, Farm** - means a single-unit, mobile home or modular home which is the principal residence of the owner or operator of a permitted or conditional agricultural activity, and which is located on the same site or a new site taken from the agricultural activity.
- (b) **dwelling, Multi-Unit** - means a building containing three (3) or more dwelling units, with each dwelling unit being designed for and used for the exclusive occupancy of one (1) dwelling;
- (c) **dwelling, Single-Unit** - means a detached building designed and used for the exclusive occupancy of one (1) dwelling.
- (d) **dwelling, Two-Unit** - means a detached or semi-detached building designed and used for two (2) families, with each dwelling having exclusive occupancy of a dwelling unit.
- (e) **Dwelling, Non-Farm** – means a single-unit dwelling, mobile home or modular home on a site used for residential purposes, regardless of the owner’s occupation, and found in the an agricultural zone.

Dwelling unit means one or more habitable rooms in a building designed for one or more persons living as a single housekeeping unit, with cooking, eating, living, sleeping and sanitary facilities.

Enlargement means an addition to the floor area of an existing building or structure, or an increase in that portion of land occupied by an existing use.

Farm Building/Structure means a building or structure, other than a dwelling, which does not contain a residential occupancy, located on a farm and used or to be used in the actual farming operation and which is:

- a) associated with and located on land devoted to the practice of farming and considered to be an “*Agricultural Operation*” and
- b) used essentially for the housing of equipment or livestock, or the production, storage or processing of agricultural and horticultural produce or feeds, such as barns, produce storage buildings, milking centres, piggeries, poultry houses, grain bins, silos, machinery sheds, farm workshops, feed preparation centres, manure storages, greenhouses and garages not attached to a farm residence and
- (c) has a Low Human Occupancy (as applying to farm buildings) means an occupancy having an occupant load of not more than 1 person per 40 square meters during normal use)

Feedlot means an outdoor area that is fenced to confine livestock solely for the purpose of growing or finishing, but does not include:

- a) A grazing area; or
- b) A seasonal feeding area.

First Storey means the uppermost storey having its floor level not more than 2 meters above grade.

General Agricultural Activities means a use of land for agricultural purposes, including production of field crops, apiculture, floriculture, horticulture and the necessary accessory uses for packing, storing or treating the produce, but does not include the following:

- (a) livestock operations,
- (b) storage, handling or processing of agricultural products for the general public in return for remuneration, or;
- (c) sales or servicing (in return for remuneration) of agricultural equipment.

Grade means the average level of finished ground adjoining a building or structure at all exterior walls, as determined by the Development Officer.

Grazing Area means lands used for pasture or crop production on which livestock may be kept year-round or seasonally, and are fed primarily by direct consumption of plant material grown on the area, and where manure produced by those livestock does not accumulate such that mechanical removal is required.

Height means the total number of storeys in a building or the vertical distance measured from grade to: a) the highest point of the roof surface of a flat roof b) the deck or eaves of any other roof type

Home Based Business - Types:

- a) **Home industry** means a small-scale manufacturing, repair or trade activity such as but not limited to a welding shop, plumber, electrician, carpentry or cabinet maker, auto repair mechanic or trucking operation and similar uses which are carried on in or from a dwelling or its accessory building for consideration and which is located on the same site and which is clearly secondary and incidental to the principal use of the property.
- b) **home occupation** means an occupation, trade, profession or craft such as but not limited to a hair salon, bed and breakfast operation, tea room, home day care operator, lawyer or accountant and similar uses which are carried on in or from a dwelling unit or its accessory building for consideration and which is clearly incidental or accessory to the principal use of the property.

One in Two-Hundred Year flood means a flood that can be expected to occur, on average, once in 200 years; or has a 0.5% chance of occurring on any given year.

One in One-Hundred Year flood means a flood that can be expected to occur, on average, once in 100 years; *or has a 1% chance of occurring on any given year.*

Kennel means premises upon which more than 5 dogs or 10 cats, not including animals less than 4 months of age, are boarded, bred, trained or cared for in return for remuneration or are kept for the purpose of sale.

Manure Storage Facility - Types:

- a) **earthen manure storage facility** means a structure built primarily from soil, constructed by excavating or forming dikes, and used for storing or retaining livestock manure, but does not include
 - 1) a collection basin;
 - 2) a field storage site; or
 - 3) a temporary composting site for manure.

- b) **non-earthen manure storage facility** means a non-earthen structure, molehill, tank or other non-earthen facility for storing or treating manure, but does not include a gutter or concrete pit used to contain liquid or semi-solid manure for less than 30 days for the purpose of moving the manure to a manure storage facility.

Mobile Home means a manufactured home constructed of single or multiple sections constructed as a portable dwelling (single unit dwelling) unit that is capable of being transported on its own chassis and running gear by towing or other means, and which is designed to be connected to external electrical, water and sewer facilities, and to be used as a single dwelling unit and comprises not more than one storey and at a minimum complies with **CAN/CSA Z240 MH Series of Standards** at the time of construction (under the Buildings and Mobile Home Act (as amended). Foundations for these homes are at a minimum constructed to **CAN/CSA Z-240 Standards (Deformation Resistant Foundations)**.

Mobile Home Park means an area of land upon which mobile home spaces are rented to individual owners of mobile homes, and which has been approved by Council.

Mobile Home Space means a space in a mobile home park, which may be rented/leased by an individual for the placement of a mobile home.

Mobile Home Subdivision means an area of land which is subdivided into mobile home sites which may be sold for the placement of mobile homes.

Modular Homes are a pre-manufactured single unit dwelling built in a factory in one or more finished sections for transport to a site for installation. These dwelling units are similar to but distinct from a mobile home. Modular (pre-manufactured homes) are at a minimum certified to **CAN/CSA A277 Standards** at the time of construction. Foundations for these types of buildings may be constructed as permanent foundations or other approved foundations.

Party Wall means a wall jointly owned and jointly used by 2 parties under easement agreement or by rite in law, and erected at or upon a line separating 2 parcels of land each of which is, or is capable of being a separate real estate entity.

Place of Worship means a building (ex: a church, chapel, mosque, synagogue, or temple) primarily used for religious purposes.

Principal Use means the primary or predominant activity on any lot or within any building or structure.

Pole Type Structure / Building means a building or structure typically constructed with its main frame and foundation consisting of laminated, sawn or natural (round) wood poles.

Principal Building means a structure on a site used to accommodate the principal use or structure.

Public Utility means any system, works, building, plant equipment or service, excluding telecommunications towers (private for profit), wind energy generation stations (WEGS) and private for profit commercial scale solar energy generation systems, developed for the purpose of furnishing publicly used communication, transportation, transmission and collection services and facilities (including fire, police and EMS) that are available at approved rates to the inhabitants of the Municipality of Souris-Glenwood.

Residential Care Facility means a building in which residential accommodation, plus supervision, care or treatment, is provided to 5 or more persons, by a person or persons employed for the purpose.

Secondary Suite means a self-contained detached or attached accessory dwelling-unit located within and/or forming part of a permanent single-unit dwelling, farm dwelling or non-farm dwelling on a single zoning site. A secondary suite is comprised of a single dwelling unit and has its own separate access, cooking, sleeping and sanitary facilities which are separate from and not shared with those of the principal dwelling. This accessory use does not include duplex housing, semi-detached housing, multiple-dwelling housing or apartment housing.

Sign means any writing (including letters, words, or numerals), pictorial representation (including illustration or decoration), emblem or logo (including device, symbol or trademark), banner, pennant or any other figure of similar character (excluding display windows) which:

- (a) Is a structure or any part thereof, or is attached to, painted on, or in any other manner represented on or in a building or other structure;
- (b) Is used to identify, direct attention to, or advertise;
- (c) Is visible from outside a building.

Sign Types

Address Sign means a sign, generally applied to a building wall that displays a building's address.

Advertising Sign means a sign directing attention to a business, commodity, service or entertainment conducted, sold or offered elsewhere than on the zoning site where the sign is maintained.

Awning Sign means lettering applied directly on the Valance or other vertical portion of an awning.

Bulletin Board means a sign of permanent character, but with movable letters, words or numerals indicating the names of persons associated with, or event conducted upon, or products or services offered on the same zoning site upon which the bulletin board sign is maintained, e.g. school, church, community centre and similar uses.

Business Sign means a sign directing attention to a business, commodity, service or entertainment conducted, sold or offered upon the same zoning site where the sign is maintained.

Clearance means the height above the walkway, or other surface if specified, of the bottom edge of an element.

Construction Sign means a sign which identifies a construction project and information relative thereto.

Fascia or Wall Sign means any sign attached against the surface of, or against or within a recess in the wall, a column or other perpendicular portion of a building in a position essentially parallel to said wall, column or other perpendicular position. A fascia sign shall also mean any sign attached to the walls of two or more buildings and spanning the spaces between the said buildings.

Flashing Sign means an illustrated sign on which artificial light is not maintained constant in intensity and colour at all times when such sign is in use.

Freestanding Sign means a sign supported by a vertical column or columns placed in the ground with the sign surface area above ground level.

Identification Sign or Nameplate means a sign that identifies the business, owner, resident or the street address and which sets forth no other advertisement.

Illuminated Sign means a sign designed to give forth any artificial light or reflect light from an artificial source.

Marquee Sign means a sign attached to a marquee, canopy or awning projecting from and supported by a building.

Outdoor Display Case means a sign consisting of a lockable metal or wood framed cabinet with a transparent window or windows, mounted onto a building wall or freestanding support. It allows the contents, such as menus or maps, to be maintained and kept current.

Portable or Mobile Sign means a sign with or without a structural frame and intended for a limited period of display, but shall have no red, green or amber lights thereon, and with no blinking or scintillating lights when the sign faces a residential area.

Projecting Sign means any sign other than a fascia sign, which is attached to a building and extends beyond the exterior wall of the said building beyond the surface of that portion of the building to which it is attached.

Roof Sign means any sign erected, constructed and maintained wholly upon or over the roof of a building with the principal support on the roof structure.

Sidewalk Sign or Sandwich Board means a moveable freestanding sign that is typically double-sided, placed at the entrance to a business to attract pedestrians.

Temporary Sign means a sign which is not permanently anchored to a footing extending below grade or permanently affixed to, or painted on, a building and on which the copy has been painted or affixed in a permanent manner. The copy on the sign shall relate to an activity, use or event of a limited time duration not exceeding six months. Temporary signs include political campaign signs, real estate signs, construction identification signs, signs involving seasonal businesses, and signs advertising specific community events. For the purpose of this By-law, temporary signs shall not include portable signs.

Valance means the portion of an awning that hangs perpendicular to the sidewalk.

Window Sign means a sign placed or painted on the interior of a shopfront window or the window of a business door.

Yard Sign means a permanent freestanding sign in a Front Yard, including a supporting post or posts.

Sign Surface Area means the entire area within a single continuous perimeter enclosing the extreme limits of writing, representation, emblem, or any figure of similar character, including any frame or other material or colour forming an integral part of the display or used to differentiate such sign from the background against which it is placed. Where a sign has two or more faces, the area of all faces shall be included in determining the area of the sign, except that where two such faces are placed back to back and are at no point more than two (2) feet from one another, the sign surface area of the sign shall be taken as the surface areas of one face if the two faces are of equal area, or as the surface area of the larger face if the two faces are of unequal area.

Site means an area of land which:

- (a) is occupied or intended to be occupied by a principal use or by a use of a building or group of buildings, together with accessory buildings and structures as are provided for herein, along with required yards;
- (b) has frontage on a street, or has any lawful means of access satisfactory to Council, or as otherwise provided for herein; and
- (c) is of sufficient size to provide for the minimum requirements of this By-law for a permitted or conditional use in a zone where the use is located.

site, corner means a site situated at the intersection of 2 streets.

site depth means the horizontal distance between the centre points in the front and rear site lines.

site, interior means a site other than a corner site.

site lines

front site line means:

- (a) the boundary of a site along any/all streets or highway;
- (b) for a corner site, the continuation of the front site line of the abutting interior site.

rear site line means:

- (a) that boundary of a site which is most nearly parallel to the front site line;
- (b) where the side site lines intersect, a line 10 feet in length within the site, parallel to and at the maximum distance from the front site line.

side site line

- (a) means any boundary of a site which is not a front or rear site line.

Where it is not possible to determine site lines according to these definitions, they shall be determined by the development officer.

Site, Reverse Corner means a corner site, the flanking street site line of which is substantially a continuation of the front site line of the first site to its rear.

Site, Through means a site having a pair of opposite site lines along two (2) more or less parallel streets. On a through site both street lines shall be deemed front site lines.

Site, Width means the horizontal distance between the side site lines, measured at right angles to the site depth at a point midway between the front and rear site lines, or at 40 feet from the front site lines, whichever is less.

Specialized Agricultural Activities means agricultural activities such as apiculture, floriculture, horticulture, greenhouses, nurseries, market gardening and other activities of a like nature which do not require large acreages of land, and which in the opinion of Council, provide a major component of household income.

Storey means that portion of any building which is situated between the top of any floor and the top of the floor next above it; and if there is no floor above it, that portion between the top of such floor and the ceiling above it.

Structure means a thing constructed or erected with a fixed location on or below the ground or attached to something with such a fixed location. It includes, but is not limited to, buildings, walls, fences, signs, billboards, light standards and antennas.

Surface Watercourse means the channel in or bed on which surface water flows or stands, but does not include a dugout, drain, reservoir, intermittent slough, drainage ditch or intermittent stream that is completely surrounded by private land controlled by the owner or operator of an agricultural operation and that has no outflow going beyond the private land or an infield ephemeral drain.

Surface Water means any body of flowing or standing water, whether naturally or artificially created, including, but not limited to a lake, river, creek, spring, drainage ditch, roadside ditch, reservoir, swamp, wetland and marsh, including ice on any of them, but not including a dugout or reservoir on the property of an agricultural operation. Where this By-law requires a use, building or structure to be set back a certain distance from "surface water", that distance shall be measured from the ordinary high water mark of the surface water or from the nearest and highest bank of the surface water, whichever is further from the surface water.

Use means any purpose for which a building, structure or site may be designed, arranged, intended, maintained or occupied; or any activity, occupation, business, or operation carried on, or intended to be carried on, in a building, structure or on a site.

Wind Energy Generation Station (WEGS) means a site and facility that is comprised of, but not limited to, one or more wind turbine generator towers, and may include associated accessory operations and maintenance buildings, research or meteorological towers, collector grids, roads and substations that convert wind energy to electrical energy for use or sale by a private commercial enterprise. It must have a collective nameplate rating of 0.75 megawatt or greater and be connected to the transmission or a local distribution grid. The (WEGS) can be comprised of either a leased or an owned site.

Yard means an open area between the exterior wall of a building and the boundaries of the site on which it is located.
